Keith from Delta, B.C., Canada's 4/6/2015 Mountain Home Inn (formerly Sleep Inn) product reviewed: Queen Upon arrival there was confusion at the official's award The official mistaken us for a person with the same surname and insisted that we are the one who quoted \$89.00 plus tax for our stay, although we had a confirmed price of \$68.00 plus tax. It took us more than 30 minutes and after the clerk called the manager that really our price was \$68.00 plus tax and I was showing her income from you. The saleswoman said she mistaked us for another Bailey who was checking on us the same night or another night. We're still not sure how the problem might be. Other than the problem of checking our stay was pleasant. By the way, we stayed at mountain home (Sleep Inn) for 10 years. Good value: | Expectations met: | Do it again? Jerry and Diane from Kuna, ID on 1/29/2014 Very effective. Good value: | Expectations met: | Do it again? Glad to have found a safe way to get breakfast for guests and beds are very comfortable. Everything was good Staff remembered me 3 months ago. They were friendly and attentive to my needs.
