Exclusive can be predicted as a degree form of the verb exclude, i.e. turn off or away - the opposite to include. It can be applied in many different contexts, but They're all connected to there being a limit to something, especially how many people have access to something. Exclusive can also be used as a noun that refers to something available from just one place, especially a news story reported only by a particular news organization or product offered only by a single store. Example: The most prestigious event was just for celebrities on the list, but they let Ryan Reynolds in for some reason. Exclusive has been used in English since at least the 1400s. Exclusively there are many different shades of meaning, but almost all of them relate to the idea of limiting things, keeping people away, or keeping things separate. It can be incompatible, as pain and happiness are mutually exclusive. This often means limited to some people, as in an exclusive offer for our top customers or exclusive resort. Clubs are exclusive if they just let certain people in. The word is often associated with fashion, especially expensive things and not available to a lot of people, as in exclusive boutiques. Sometimes an object can be described as exclusive without specifying the limitations involved, because invitations to that party are very exclusive - that is, they are very limited and selective. Another common way used exclusively is to describe things that are only available to one person, or in this way, or through one provider, such as exclusive information or scripted rights. This feeling often turns into a noun. A news story provided only by one outlet can be read exclusively, meaning it's a story that no one else has reported or a story that no one else has the right to pursue or publish, like an interview with a public figure. The opposite of exclusivity is inclusive, and both terms are often used in discussions about how organizations and groups can be less exclusive and more inclusive. Exclusive is often used to make things sound special and exciting, so you'll see it used a lot in advertising and marketing.
