

# MILITARY FAST DEPLOYMENT SOLUTIONS

# AIR STRUCT

## ABOUT US

Airstruct is part of the Avnon Group- a leading provider of turnkey solutions and Technologies for governments, HLS agencies, Police and Special Units in the public safety, and defense arena.

Airstruct is a pioneer in the field of fast deployment, inflatable structures. Our team of experts places great emphasis on creating innovative design solutions for a wide variety of inflatable structures.

# ENEMY STAGING

Airstruct inflatable solutions are used by military, police, first responders and disaster management units, providing a fast and easy solution for field missions. From inflatable structures such as field hospitals, field command headquarters, shelters, the Airstruct structures can be deployed within minutes.

# COMMAND TENT

The command tents are  waterproof, flame retardant and mold resistant with durable, strong roofs. Airstruct designs flexible structures, providing clients the ability to customize and expand a structure- attaching walls using a combination of rigid PVC and polyester.

An anti-skid floor deck may be attached which connects to the ~~chassis~~ and walls to create a completely enclosed area.

The deck is available in a range of sizes, ~~from: variety of sizes.~~ From 3X3, 3X4.5, 3X6 to sizes 4X8. ~~matter of minutes to deploy a construction.~~

Airstruct's tents are designed for extensive use in harsh environments providing the optimal solution for military, first responders emergency services and municipalities when time is of the essence.

# FIELD HOSPITAL

At Airstuct we understand the pressing needs of emergencies in battle; natural disasters etc. and have the immediate solution to create a field hospital in minutes.

Airstuct's folding inflatable tent structures are known for their high quality and strength. ~~Select the structure color to fit your needs 7 shades in stock and 203 added shades. We offer innovative roof structures tailored to meet your exact requirements.~~

Like it's logo, Airstuct believes in keeping the environmental green and clean our modern designs are all Eco-friendly, easy to move around and store.

## INFLATABLE TENTS

The inflatable events tent is an innovative patent changing the industries' rules completely. The tent inflates within minutes, saving a lot of money on materials, construction and installation and of course time.

This inflatable tent solution is easy to store and move from place to place, a fact that makes this solution different from any other structure.

The inflatable structure is made out of durable materials and is maintained by an automatic air-pressure pump making sure the structure remains stable over time.

The tent structure is filled with water around its base, to keep it in place in all weather condition.

# INFLATABLE ROOFING & STRUCTURES

Setting up a structure or roofing in large areas (such as convention halls) is a long and complex process. In order to build a temporary structure you need planning, installation, materials and a large team of crew members.

Airstruct's solutions solve construction costs innovatively and efficiently while rendering the work quick and easy.

Airstruct's, inflatable roofing and structures allow large and wide structures to be housed anywhere for any purpose.

While keeping the structure environmentally conscious and with minimum material and installation costs.

## AIR STRUCT ADVANTAGES

### IMMEDIATE SAVINGS

The essence of Airstruct's products is saving money for your project along with the convenience and innovation, and environment friendliness – our customer's financial saving is a significant component of every product we manufacture. Airstruct specializes in manufacturing products that will not only meet your needs but also your budget.

### FRIENDLY TO THE ENVIRONMENT

Airstruct's products are made of materials that are friendly to the environment and to you, the user. By using our products you keep a good environmental quality, prevent the use of environmental hazards materials that do not recycle.

### EASY FOR STORAGE AND MOBILITY

Inflatable products are easy to store and move around quickly and effectively. Our inflatable, fast deployable structures are easy to transport, erect and store.

### INFLATABLE FURNITURE

Airstruct creates furnishing revolution and has an innovative furnishing line that are modern, durable at a variety of climatic conditions, easy to stow and carry, ideal for events.
