## Kindle voyage user's guide 5th edition

show you what is currently on your device. You would know this if you would actually read the user guide instead of deleting it. 07-16-2017, 11:37am #3 Member Post: 11 Karma: 10 Join Date: Jul 2017 Device: Kindle PW3 Haha you're right Harry :P Well there's also a 5th Edition, which is the one I wanted to keep. I don't know why they have to have 3 editions of the same guide instead of just the latest. Just wanted to get rid of the other 2. Thanks 07-16-2017, 11:38 AM #4 Gone Fishing Posts: 6785 Karma: 9020960 Join Date: Sep 2006 Device: iThingsies Quote: Originally Posted by HarryT Change selector at the top left of the library screen from ALL to DOWNLOAD. The ALL option shows you all the elements in your cloud library. The DOWNLOAD will show you what is currently on your device. Sorry, not trying to be an a\$\$ or anything, but as a retired technical writer I was constantly having to deal with customers who couldn't figure out the software our company sold. I'll ask them Me: Well have you read page ##? Customer: No.. Me: Well open the book aside # # and look at the second paragraph. Customer: Oh, so that's how you do it! Thanks! Me: And although it frustrated the heck out of our technical writing staff, we tended to do the same! Manuals? We don't need any stinky manuals! This common human response to manuals where we think we are smart enough to figure things out without worrying about reading the manual. You get sheep files or other almost worthless documentation. 07-16-2017, 11:44 #6 eBook Enthusiast Post: 85,539 Karma: 8258395 Join Date: Nov 2006 Location: UK Device: Kindle Oasis 2, iPad Pro 10.5, iPhone 6 Quote: Originally Posted by JSWolf But these days, you don't get manuals. You get help files or other almost worthless documentation. The Kindle User's Guide is actually very good. Have you read it? 07-16-2017, 11:46 #7 Resident Curmudgeon Posts: 60,848 Karma: 71192228 Join Date: Nov 2006 Location: Roslindale, Massachusetts Unit: Kobo Aura H2O, PRS-650, PRS-T1, Hook STR, iPad 4, iPhone SE 2020, PW3 Quote: Originally Posted by HarryT The Kindle User Guide is actually very good. Have you read it? I don't have that. I didn't need to read it. I've never actually read any user guide on a reader that I've used. I haven't read Kindle PW3 or Kindle Touch user guides. 07-16-2017, 11:50 #8 eBook Enthusiast Post: 85,539 Karma: 8258395 Join Date: Nov 2006 Location: UK Device: Kindle Oasis 2, iPad Pro 10.5, iPhone 6 Quote: Originally Posted by JSWolf I Don't Have. And yet you derogatoryly say: Quote: But these days, you don't get manuals. You get help files or other almost worthless documentation. How do you know how good (or otherwise) a user guide that you haven't read is? 07-16-2017, 12:07 #9 Going Viral Posts: 17,212 Karma: 18210807 Join Date: Feb 2012 Location: Central Texas Device: No K1, PW2, KV, KOA Quote: Originally Posted by ben\_hud Haha you're right Harry :P Well there's also a 5th Edition, which is the one I wanted to keep. I don't know why they have to have 3 editions of the same guide instead of just the latest. Just wanted to get rid of the other 2. Thank you My solution was to create a collection with the name: Amazon Then I saved all their things in the collection. Still available but not taking up 'front' space. 07-16-2017, 12:42 #10 Just a yellow smiley. Post: 19,162 Karma: 83853729 Join Date: Jul 2015 Location: Texas Unit: K4, K5, brand, kobo, galaxy Quote: Originally Posted by JSWolf Men these days, you don't get manuals. You get help files or other almost worthless documentation. Or you get an 800 page almost impossible to search PDF. Yes, it took a week, but I got my hard copy. Of course the first answer was you can download the manual. The assumption that everyone has a smartphone rubbed me the wrong way. It was a manual for a truck. 07-16-2017, 07:20 #11 Wizard Post: 1,221 Karma: 8248440 Join Date: Oct 2009 Location: Oaxaca, Mexico Device: Paperwhite 4 X 2 Years ago, I showed someone at work how to do something on the PC, and was astounded. Where do you learn that kind of thing? Page two the friggin manual. Long pause and, I haven't gotten that far, yet. 10-29-2018, 1:42 #12 Ink Drinker Post: 176 Karma: 199056 Join Date: Mar 2007 Location: San Francisco, CA Unit: Kindle Vger, Ipad Pro, iPhone X. I know this thread is old, but the simple answer for deleting all the older editions of the Amazon Kindle Users guide is this: On a PC, go to your account. In Devices and Content, switch books to dictionaries and user guides. It will list several editions in several languages. I deleted all but the latest as it covers the update that I am currently on. 10-29-2018, 2:56 #13 Wizard Post: 3,060 Karma: 5604042 Join Date: May 2016 Device: kobo forma, Kobo Libra, Huawei media Tab, four HD10, PW3 HDX8.9. This common human response to manuals where we think we are smart enough to figure things out without worrying about reading the manual. I never figure out why Amazon push several kindle user manual versions though – I once had 5 look up on a device: version2, version 3, version 4... since then I resorted to find and delete from the cloud in order to lose the older versions. 10-29-2018, 8:31 #14 Wizard Post: 1,221 Karma: 8248440 Join Date: Oct 2009 Location: Oaxaca, Mexico Device: Paperwhite 4 X 2 Quote: Originally Posted by confused no - he falls into the overly smart category see posts #4. ... I never figure out why Amazon push several kindle user manual versions though – I once had 5 look up on a device: version2, version 3, version 4... since then I resorted to find and delete from the cloud in order to lose the older versions. I've never had Amazon or Kindle push a user guide besides having one loaded on the device at startup. What I can't believe is people who expect some others to read to them and then tell them the answers. 11-04-2018, 7:40 #15 Fanatical post: 562 Karma: 1505918 Join Date: Aug 2017 Location: Italy Unit: Kindle Paperwhite, Kobo Aura One, Pocketbook Color PB633 When I bought my kindle the first book I read was just the manual, and every time a new edition comes out, as it should be, if there are important changes in the firmware, I reread it, or at least give it a quick look. I'm one of the few who read the manuals? So I got a PW3 and updated it to the latest firmware, it came with the 5th Edition User's Guide and now has the 6th Edition as well. How do I completely remove the 5th Edition from my device? I don't remove the file, I mean to actually remove it completely, so I don't see it at all in my library.
