For over four decades, Reese's chronological Bible has been the text of trust for those who read through King James' version in historical order. Now this classic Bible is full of study materials. Features: Cultural and historical notes shedding light on biblical and context events  
O archaeological and archaeological notes that help verify scriptural accounts  
Espettations of difficult passages and words  
Age and genealogies of key figures  
Managing detailed timeplanes  
In order, chapter-by-chapter scriptural index  
365-day reading plan  
Contrary to what a reviewer has said, this Bible does not break any rules in being reassembled in chronological order. It presents the Word of God within an accurate timeline, allowing the reader to consider events as and when they happened. No changes or alterations have been made to the words themselves - hence, the beauty and accuracy (word-for-word translations of the text breathed by God) of King James' translation, unlike modern reworkings (NIV, RSV, TLB, NKJV, etc.) using dynamic interpretations, using Wescott/Hort sources (for dynamics: instead of translating word by word, W/H used sources that had been discarded and used a step-by-step method of here's what the Holy Ghost meant — so, modernizing the scriptures for mass consumption. A dubious approach, to put it gently). This is the fourth time I've read this chronological version, and it's a joy. When choosing a Bible, consider what you are reading, why you are reading it - as well as the scholarship and the reasons behind its production. This version will enrich your life. © 1996-2014, Amazon.com, Inc. As well as the chronological arrangement. The only reason I subtracted a star is footnotes and other comments. The publisher/author makes some statements that made me look a bit, and I don't think his opinions are necessarily correct. However, this Bible is EASY to read and FUN to read. Examples of why I love this version: ALL long lists of names that occur in more than one place are collected together rather than repeated in various places. So it's easy to ski KJV itself is 5 stars. As well as the chronological arrangement. The only reason I subtracted a star is footnotes and other comments. The publisher/author makes some statements that made me look a bit, and I don't think his opinions are necessarily correct. However, this Bible is EASY to read and FUN to read. Examples of why I love this version: ALL long lists of names that occur in more than one place are collected together rather than repeated in various places. So it's easy to skimme compare the information. Another reason: editing to make all verses appear chronologically means that some Psalms referring to creation appear with the genesis. The chronology reflects the date on which the events referenced are said to have occurred according to the text, not when the books may have been written. I recommend it with the caveat that I do not fully share Reese's views. ... the more I followed the plan in this book for reading through it in a year. I'm done a little early. My comments have nothing to do with the Biblical text. My comments are specific to the notes and articles written by Mr Reece. First, he added many useful notes to various words and steps. A good percentage of the notes provide cultural and archaeological information. However, it is obvious that he was a premillennialist and his doctrine colors almost all his comments referring to the I followed the plan in this book to read it in a year. I'm done a little early. My comments have nothing to do with the Biblical text. My comments are specific to the notes and articles written by Mr Reece. First, he added many useful notes to various words and steps. A good percentage of the notes provide cultural and archaeological information. However, it is obvious that he was a premillennialist and his doctrine colors almost all his comments referring to the end of the world and the second coming of Christ. So be careful if you, like me, don't believe in a 1,000-year-old literal kingdom on earth. It is obvious that he has done a lot of research towards his chronological arrangement of the passages. It is very interesting to read prophets chronologically a-fixed with passages in the history books. Everything in everything is a good book to have as a reference for the study of the Bible. ... more Page 2 Click on a feature to learn more. Tap on a feature to learn more. Resource Guide The Resource Guide is the most powerful feature in the Olive Bible app. As you read the Bible in the main window, the Resource Guide follows and displays relevant biblical study information from study notes, commentary, maps, and more. Comments/Study Notes Gain knowledge about any passage of the Bible, exactly when you need it. The Resource Guide will let you know when the information in this title is relevant to anything in the main window. He will also trace with you as you read the Bible. Maps Do you wonder where that ancient Israelite city you just read about is? Take a look at the map that the Resource Guide will find for you, zooming in or out on a full screen or both. Linked verses Your resource mentioned a passage from Scripture, but can't remember what the verse says? Never fear! Tap on the connected verse and a pop-up window will appear, which gives you quick and easy access to the verse in the Available for: iPad, iPhone, Android, Kindle Fire, Mac and Windows. Classic KJV Chronological Bible now redesigned with in-depth study notes
