Blue howlite bracelet

Order Fulfillment (Free shipping for all orders) Making your custom-made bracelet takes 2-3 business days if you have provided a wrist size as well as a valid address, then prepared for delivery. We use FedEx International Priority Shipping/DHL Worldwide Express, which has a delivery time of between 1 and 5 business days. Please note that we cannot submit to the APO/FPO/DPO your Customs address and Order Fees may be subject to VAT, import duty and/or tax, as the complexity of our international law does not include such fees in the order. You are responsible for local customs and duties on your orders. We are required by law to disclose the full value of the package content and cannot change this value. If the order is rejected, then you are responsible for the shipping costs, as well as any additional duties, fees, customs or taxes incurred in the shipment. Our Shipping Guarantee only works with FedEx/DHL, which is an established delivery provider and we place our faith and trust in them, however, we cannot guarantee their performance. Shipping errors are rare, but we can only guarantee what is in our control. Beautiful Howlite Blue bracelet with bright and colorful beads threaded on double strength elastic. Howlite Keyword Meanings: Calming, Patience, Accessing Past Life Chakras: All Elements: Zodiac Signs of the Wind: Virgo, Gemini Number: 2 Howlite Crystal Healing Properties: Howlite is a soothing stone that helps relieve anger by absorbing your anger or being directed at you from others. It can help with insomnia caused by an overactive mind and help overcome critical and selfishness. Placed in the third eye Howlite can help you meditate, connect with higher spiritual consciousness and access past lives. It can be used to calm turbulent emotions stemming from past lives. Howlite History and Uses: Howlite is named after Henry How, a Canadian chemist, geologist and mineralogist who identified him in 1868 in Nova Scotia where it was first discovered by gypsum miners. Because Howlite keropos is often dyed to replicate Turquoise, Karang Merah or Lapis Lazuli. Dyed Howlite is called Magnesite and is marketed as Blue Howlite or Turquentine. It can be distinguished from other stones it is dyed to mimic under UV light because it emits little colored neon light. Natural white howlite is sometimes named turquoise white, white buffalo turquoise, or white buffalo stone and is often used in carving or beaded jewelry. Description of Geological Howlite: Howlite is a mineral hydroxide calcium borosilicate with 3.5. It is very rare to find it in crystal form, most often occurring as an opaque white irregular-shaped nodules with gray stripes. It's found in California and Nova Scotia.
