It organizes easily find topics and reads its main points, with vocab highlighted colors, definitions, people/dates/important terms. The chapters are: Grammar, Language, Fiction, Non-Fiction and Writing. I can now help my grandchildren with their homework in LA! I will continue to read this series with Mathematics, World History, and perhaps even Computer Coding! I really like these graphic presentations are usually boring (to most people!) subjects. It organizes easily find topics and reads its main points, with vocab highlighted colors, definitions, people/dates/important terms. The chapters are: Grammar, Language, Fiction, Non-Fiction and Writing. I can now help my grandchildren with their homework in LA! I will continue to read this series with Mathematics, World History, and perhaps even Computer Coding! ... More Page 2 For every middle school child ever whispered, Hey-can I borrow your notes? There is a Big Fat Notebook series, a series of revolutionary study guides created by editor #1 of American educational groups bestseut Brain Quest. Each much-needed study guide is like getting to borrow the best student notebooks in class, with highlighted main concepts, doodles that eliminate complicated ideas, mnemonics, and more. It is a revolutionary English-language arts study guide only for high school students from the brain behind Brain Quest. Everything You Need for Ace English Arts . . . recruit students from grammar to read the understanding to write easily, including parts of speech, active and passive sedation, Greek and Latin roots and axes; nuances in the meaning of words; analysis of text, author, structure, and other skills to read fiction and non-fiction; and write arguments, formative text, and narrative. BIG FAT NOTEBOOK™ is built based on a simple and undeniable concession—borrowing notes from the smartest children in class. There are five books in all, and each is the only book you need for every major subject taught in high school: Mathematics, Science, History English Language Art, and World History. Inside the reader will find every subject's main concept, easily digestible and summarized: Critical ideas that are singed in neon colors. Neon. Explain. Doodles eliminates the complicated concept in the marker. Mnemonics for an unforgettable shortcut. And quizzes to record it all. NOTEBOOK BIG FAT meets Common Core National Standards, Next Generation Science Standards, and state historical standards, and is examined by National and State Teachers award-winning teachers. They make fun of learning, and are the next perfect step for every child growing up in Brain Quest.
