I couldn't have done the audio files if it wasn't for him and his native speaking Korean acquaintances who took over the task. Here's what you get: Approximately two hours of Korean content from three books, uploaded by native speakers. Hangul Practice Section (Korean Made Simple 1) Introduction to Hangul Multiple Hangul Introduction to Sound Changes Each chapter of the conversation from all three books (Korean Made Simple 1, 2 and 3). These audio files were made for use together with Korean Made Simple 1, 2 and 3. The files have been carefully created for use both at home and outdoors. You can listen to them while studying at your desk, commuting to work or during exercise. Thank you again to everyone who supported me through this website, my YouTube channel, and these books. I look forward to further teaching and creating new lessons and videos. Click here to download audio files for Korean Made Simple. Click here to download audio files for Korean Made Simple 2.
