Walk to the left and open the bridge by rebuilding and using barrels for the key. Walk to the bridge to find the red hat. It costs 50,000 snaps. Fast Forge: Walk through the starting point, right/east golden gate in the port. You can walk to the right/east until the end of the docks. Use a character that can re-create hot metal. Eventually the metal will appear again and the red hat will appear. It costs 75,000 snaps. Quick build: walk from the starting point in the port, through the right/east gate. There are some golden bricks in front of the lighthouse; You need 32 golden bricks. After rebuilding, destroy, then rebuild. Turn the golden wheel two or three times, enter the new platform and the red hat will be inside the lighthouse. He should get 125,000 snaps. Health Hats Rescue: Walk through the starting point at the port, left/west golden gate. In front of the big inn, you'll see three targets on the wall. Shoot them all with a character wielding a gun and the red hat will appear. It costs 175,000 snaps. Extra Hearts: Jump into the water with the crocodile, from the starting point in the harbor. Swim to the floating piece of wood. Use a character with bombs and throw it into the water on the glowing rock. It's going to explode and raise the boards. Then swim to the beach on the south side and turn the wheel tightly until flowers appear on the new bridge. Use a female character to jump off a bridge to the poles. Jump back and forth, the red hat appears. It costs 500,000 snaps. Regenerate Hearts: From the starting point in the harbour, swim south on the body of water where it is crocodile and go to the beach. Go to the far right on the beach and you will see golden bricks. Rebuild them, then destroy them again and the red hat will appear. He should get 275,000 snaps. Invincible: You need Blackbeard to get this red hat. From the starting point in the port, walk to the left/west, through the bridge you have created with the golden doorknob and rolling barrels. Inside the shed, on the left side of the room you will see a black and red chest. Use Blackbeard's power to open it. It costs 1,000,000 snaps. Hidden Hat Disguise Line: Walk through the starting point at the port, right/east golden gate. You'll see a giant lighthouse right away. If you walk behind him, you'll see dynamite in the keg. Use the torch under the dynamite to burn it. When it explodes, the red hat appears. It costs 25,000 snaps. Extra Toggle: Walk through the starting point at the port, left/west golden gate. You'll see a giant inn. To get to the roof of the Inn, go as far left/west as you can without going through the bridge over the swamp. Go up the stairs and follow the road to the right to find a silver door. Blow it up with bombs or a big gun/bazooka to find the red hat. It costs 100,000 snaps. Underwater breathing: from the starting point in the harbor, jump into the water with Jacoby. There are three silver chains along the sea floor. Blow it up with Jacoby's bombs. When all three explode, the red hat appears. It costs 250,000 snaps. Red Hat Finder: Walk through the golden gate on the right/east, from the starting point in the port. Use Jack's compass in front of the giant lighthouse. Point it at the red hat and follow it to a ring of red flowers. Destroy the flowers and the red hat will appear. It costs 300,000 snaps. Minikit Bottle Finder: Swim along the body of water from the starting point in the port to the southern beach. Then use the Ancient Marine to beat up the crabs. When they get tired, jump on it. and walk to the rock in the middle to find the red hat. It costs 400,000 snaps. Treasure hats are a treasure trove of character: walk through the starting point, left/west golden gate at the port. Get into the giant inn. There are three silver kegs behind the bar. Blow it up with bombs or a large gun/bazooka and the red hat appears. He should get 150,000 snaps. Treasure Ming: From the starting point in the port, jump into the water and swim to the southern coastline. You will see golden bricks on the west/left side of the beach. Rebuild them, then destroy them again and the red hat will appear. He should get 225,000 snaps. always double treasure: walk left/west from the starting point in the port. There are two cannons lined up directly to the north and heading towards the ocean. Use the torch to light the balls. Blow up the three moving targets and the red hat appears. He should get 600,000 snaps. Treasure x2: From the starting point in the port, jump into the water and swim to the southern beach. There are five poles on the coastline. All jump as fast as possible. Take them all down before one of them gets back on his feet and the red hat will appear. It costs 500,000 snaps. Treasure x4: Walk from the starting point at the port, through the golden door left/west. Walk to the well. To the north you will see a wall sealed by a red and black skull. Use Blackbeard's powers to open it. Once inside, find a glass cage with a fish inside. Use a singing character to break the glass and the red hat appears. It costs 1,000,000 snaps. Treasure x6: Walk from the starting point in the harbour, through the golden door left/west. Keep walking until you get to the well. There are three metal/silver objects around the wall. Keep hitting until the red hat comes out of the well. That'll be 1,500,000. Treasure x8: Walk from the starting point in the port, through the golden door left/west. Keep walking to the left until you're in the swamp with the broken bridge. Build the bridge. Then, drive a barrel to the button on the bridge. Get on a second barrel that crosses the bridge and press the button on the other side. The door will open. Enter the shed and you should see a crate on the south side with white bunnies in it as soon as you enter. Destroy this, the red hat will appear. It costs 2,000,000 snaps. Treasury x10: Walk from the starting point in the harbor, through the golden gate to the right/east. You'll see a giant lighthouse. There are golden bricks in front of the lighthouse. Rebuild them, destroy them again and rebuild the bricks again. Turn the golden wheel two or three times and go to the moving platform. This light will take you to the first level of the house. Jump and continue climbing to the top of the lighthouse. There's a telescope at the top. Look over it and find the island with the pirate on it. It opens three treasure chests, following the pirate's every move. When the last one opens, a red hat appears next to it. It costs 2,500,000 snaps. Studs.
