Now, the monkey is at a military base. What is it for? Our ape friend was really sad (again) because his little monkey disappeared. There is no way he couldn't find them all alone in a big place; that's why he needs you. Your ultimate goal, in this puzzle, is to help the unhappy apes get into a successful military base. But first, he needs to find 10 enough small monkeys as well as 16 bullets. Interact with the environment, find leads, troubleshoot, and tap on each object on the screen.
