I'll have the smile. we deserve the POSTSCRIPT: Im livin!!! Finally!! This blog is a lot of fun... therapeutic in a way.... but now I think the goal is done..... I know ive said it earlier..... but I really don't think there's any more reason to spend my time with it... there is so much more for me to do in real life..... and I'm really excited to have that chance that I thought would never come. A happy life. Having been pushed out of the old ones are reassuring to know that it ended up being the best thing ever. I can't imagine ever returning to life as it was before. And I just. If a retrospective its good to fruit the past, make sense of it and let it go. It just took a long time to say everything I wanted to say. Whether it was heard or not.... makes no difference.... Because I definitely felt like the happiest Ive ever. All the time... It's not the escape of a good movie..... or lasts as long as a good meal..... or a good deal on something cheap on the wall mart..... and then.... back to the reality of relentless work and relationships without satisfaction. Every day..... every few minutes.... someone who tries to destroy your heart ... your kindness..... your honest intentions..... no relief from being drained and pursued by anyone. Keep that shit.... hahahaha Im good.. malaki ngiti masaya ako.... Totoo..... paalam! habang buhay! Buhay!
