Leather martingale collar for dogs

One of our top products sells, this beautifully crafted leather martingale necklace combines the functionality of an martelous necklace, with the design and comfort that angelic necklaces are known for. Perfect for training, anti-pull and as a daily necklace, this is a more human alternative to choice with prong necklaces. The soft super and padded leather at the bottom will allow you to correct your dog's behavior while still ensuring that their comfort and safety is a top priority. Made of 100% genuine Top Grain Argentinian leather, soft Australian cowhide and stainless steel laptop parts. Available in size 10 of 24, in Black, Brown, Red and Pink. Please refer to the Martingale sizing board below as these necklaces are measured differently from the angelic angelic necklaces. To measure your dog for a Rio Martingale necklace, Please read and follow the steps:* Fully tighten the measurements in the table below refer to the length of the leather touch space (not including the rings)* Fully Extend the measurements of the table to be referred to the maximum circumference when the necklace with the dogs are fully open.* 2 steel rings are on either end of the necklace to add another 1-2 to the length at the length general of the necklace (depending on the size of the necklace as the rings vary in size accordingly). For example, a 14Rio necklace refers to the length of the leather bracelet, not including the rings. Measure the middle of your dog's neck, or slightly higher up on the course, depending on how you intend to use the necklace.* If you want the necklace to pin when the dog pills, choose between 1.5 -2 sizes smaller than your dog's actual size. For example, if your dog's neck measures 16.5, and you want to use the necklace to launch the course when the dog is pulled, your perfect size should be a 14Rio Martingale necklace. * If you don't want the necklace to nip when pulling the dog necklace and simply want the necklace to lock comfortably snug around the neck, select 1 size down from the actual neck size. For example, if your dog's neck measures 18, select the Rio 16 necklace. The 2 rings on either end will give you another 1.5 - 2 lengths. Note: Because each dog is unique, the above information means giving you direction about what size to select. For further assistance, please contact us. BLD's unique Martingale Collar design is adjustment and is easy to get on and off your dog. Come in two styles: Original Clip-On style is our favorite! Clips around the dog's neck, so you don't need to put it on his head. Elegant and minimal. Loop style is available if you prefer a regular flat buckle design. Buckle is unsafe, yet slightly bulkier than the original. Handmade from the same Beautiful American leather as all our products, we found assembly of higher quality and hardware available for a clash that will last a lifetime. for training or daily walking—The chain offers a quick correction without too much concealing. Use this necklace as a gentle alternative to a choice, slide, or prong necklace. A great tool to transition a chain off a prong/spike necklace. Necklaces can be adjusted to sit snug and high on the neck for a firm correction, or coated and low on the neck for a gentle option. Many dogs responded well to the sound of the chain link. Great for straight and dog who can slide out of regular necklaces. Since the tight necklace a couple of inches when pressure is smaller applied, your dog won't be able to come back from the necklace, again won't edge. Sizing: Measurements include ranges of extended positions. Small: 13-16, 5/8 wide, (33-40 cm) - lighter chains, 3 in slack. For dogs on 18 pounds.
