Leave Denton who late november night to meet dr. Evrett Scott, a former teacher and now friend to both of them... It's true that there were clouds of dark, heavy storms - black and pendants - driving towards it, it's true that the spare tire they were carrying desperately needed some air - but the kids were normal and on a night out - well - they weren't going to let a storm ruin the events of their evening. One night out. (Thunder) It was a night of them to remember (thunder) for a very long time. Scene two (the sound of a car approaching through a stormy night.) (Headlights) (The car stops.) Brad. Hmmm. Janet. What's the matter, Brad, honey? Brad. I think I got the wrong place a few miles back there. Janet. Janet. What was that explosion? Brad. Looks like we got a shot in the front left tire, Janet. Oh... (Pause, thunderstorms and thunderstorms.) Brad. You better stay here and stay warm while I'm going to help, Janet. And so - after braving extreme weather, and some not-so-little time - it seemed to have a smiley fortune on Brad and Janet and that they had found the help that their predicament needed - or did they? - There was certainly something about this house (which brought them a flat tire and a wet night) that would unsettled them both - but if they were to reach their destination that night, they would have to ignore such feelings and take advantage of whatever help they were offered. Scene Three (dim interior.) (PHANTOMS wanders set with various experimental elements of surgery - as the main brain in bottles.) (RIFF RAFF arrives, beckons JANET and BRAD.) Riff Rough. wait here . Brad. (To RIFF RAFF as he exits.) I'm sorry, I'm sorry. Janet. (Look around.) Oh, Brad, what kind of place is this? There are those who say that life is an illusion - and reality, as we know it, is merely the fig of our imagination. If so, Brad and Janet are absolutely safe. But - there are some who have far more physical philosophy - those who stopped at nothing to satisfy their basic desires - it could be that Brad and Janet are among those who keep the devil Raines. Rocky. This room is a mercy for me. Janet. yes - you see there, it's instinctive - you're back For one thing - security. Oh, where's Brad? (He burrows with a TV monitor.) What did they do to him? Ravi. Janet's feelings went wild as she frantically manipulated the selector switch on the TV monitor - the screen tossed up images of empty rooms and corridors - eventually she stopped - in Frank's bedroom. (Sees Frank kissing Brad.) Janet. Oh, narrator, Oh, Rocky, Oh, you can't trust anyone. Janet. Oh, Brad! - How could you? (They all bend over trying to work out positions on the screen.) Ravi. If someone suffered from pendulum pongs for sexual indiscrety - it seemed reasonable that the rapist would be sympathetic to a friend caught committing a similar crime - but the feelings of a master are irrational and powerful - and from what Janet witnessed on the monitor - little doubt seemed that she was actually its slave. (MAGENTA and COLUMBIA come in and watch quietly.) MAGENTA & COLUMBIA. Tell us about it, Janet. I WAS FEELING DONE IN COULDN'T WIN I'D ONLY EVER KISSED BEFORE MAGENTA & COLUMBIA. How could he? - That's it. Ravi. Length! What's over? not the night he was sure . Brad and Janet's engagement? Their love for each other? Who can tell - for questions like this that are not answered by the academic, they have to remain for the heart to solve and Brad you may be sure, has had a lot of heart. I see, so it wasn't as simple as a chance meeting. That's not true. I know what you told me, Brad, but this Dr. Ivett Scott, his name is unknown to me, Brad. He was a science teacher in Denton High. Frank. And now he works for your government, doesn't he, Brad? He depends on the bureau of investigation, what you call a flying saucer, right, won your fly? Brad. That might be it, I don't know, Riff Rif. The intruder's entering the building, Master Frank. He's in the Zen room sealing out all the exits - and all the doors - except those leading here - Riff Rough - Rocky and Janet's here - I think we have this to be a social occasion. Scottie. I can assure you that Brad's presence here will come as a complete surprise as your setup here -- I didn't expect it to be quite so... (He goes to the lab inspection.) Frank. Too complicated, Dr. Scott? Or should I say Dr. von Scott? Brad. What exactly are you implying? Scottie, they've proved nothing! Oh - this car here... Brad. What do you think, Doctor? Scotty at this exact moment is hard to say - but it seems to be made of metal that is not from this Earth - I would say it has been from another planet. (JANET AND ROCKY ARE REVEALED IN THE LAB.) Eddie, I saw him, it looks terrible. Phantoms Susa! Frank. What do you know about Eddie, Dr. Scott? Scottie, I happen to know a lot about a lot of things. Dr. Scott! Scottie, yeah, Brad, my sister's son, I knew he came with a bad crowd, but it was worse than I imagined. Tell them Dr. Scotty had been in trouble since the day he was born, he was a thorn in his mother's side who tried to vote in vain, but he never gave him anything but Scottie's pain, the day he left home from the day he left, there was a rockin's roll and a motorbike that hit the Ravi, he was a cheap little punk Scottie down, I'd take everyone for a ride when Eddie said of Teddie. He doesn't like it, you knew he wasn't a good kid, but when he threatened. life with a swiss knife frank what a colombian boy . It made Scottie cry and I did Columbia, everyone pushed her, I loved her so much, I say, Hey, listen to me stay sane inside, but she locked the door and threw away Scotty's key, but she must have been drawn to something that makes me warn me in a note what they're saying in a note that reads everything, what do they say? Scottie, I'm out of my head, hurry up, or I might be dead, Scottie, they shouldn't do their evil things when Eddie said he didn't like Teddy, you knew he wasn't a good kid, but when he threatened your life with a switch blade knife when Eddie said he didn't like Teddy, you knew he wasn't a good kid, but when he threatened your life with a switch knife, frank threatened what Scotty guy. It makes You cry in Colombia, and I've done it all. It makes You cry in Colombia, and I've done it all. It makes Colombia cry and I've done it all. It makes you cry, Scottie, and she did it all. And we did it all. (A bag of blood and graves pulls out.) His fate is in Brad's bag. Why are you... Frank. (Flips a switch.) There, this should restrain you all. Red. (Keeps the bag out.) Red. I'll put it down, Frank. smart girl . Janet. My legs - my legs are fine. Scottie, my wheels! my god! I can't move my wheels, Brad. It's like we stuck to the point . Frank. You are, so earthquakes with your fear of little fools - O.K. At the time the star - Riff Rough set the audio transmitter in Program 8 secures all levels at zero - MAGENTA. Rest. Scotty you land people quite an easy sign that you'll imagine - this audio transmitter! This is what I think is some kind of vibrating audio physioclolar transport device! Frank. You better believe it, baby Brad. You mean... Scottie Yeah, Brad, that's what we were working on ourselves, but our friend here seems to have found a way to perfect it - a device capable of breaking solids and then predicting it through space and who knows, maybe even their time. Janet. You mean he's going to send us to another planet? [Song: PLANET SCHMANET - WISE UP JANET WEISS] FRANK. Planet - SHMANET Janet Tell You Once To tell you twice you're better wise than Janet Weiss Y'APPLE pie tastes too good you're better wise until Janet Weiss I've laid out the seeds it should be all you need you to sensually as a pencil would so like 'E' or the first string when we made it hear the bell ringing fit? You'll take a block to recommend you're better wise so Janet Weiss trans biceps will be seduced or it's something that you've used to mind mentally can be good you're better wisely up - Janet Weiss you're better wise up making your thighs so you're better wise so narrator. And then she cries as Janet. Frank. Don't get hot and flustered use a bit of mustard (a MAGENTA signal franc that pulls the switch and releases them as RIFF RAFF sprays them.) All. You're a hot dog, but you better not try to hurt Frank Fortsch. You're a hot dog, but you better not try to hurt Frank Forter Maganta. You're a hot dog, but you better not try to hurt Frank Fortrush. Frank. Columbia - Artists are in molecular mode somewhere between input and output. When they've pulled themselves together - see they're ready for the floor show. (Colombia flips.) Columbia. my god! I can't take this anymore. I loved you and what did I get? I'll tell you, something big fat. You're like a sponge, you take it and you drain the others of their affection. Well, I had it, I got out of here, and I mean... (RIFF RAFF sprays him.) Oh wow - I dig it up - it's evil, it's a bite - I'm a hip, man - it's like a trip - oh, wow, my God - it frightens the baby - it digs you up later. (He exits.) Frank. It's not easy to have a good time - even smiling hurts my face - and my kids turn me on - Rocky's behavior just like Eddie's - maybe I made a mistake in dividing his brain between the two. Red. When are we going back to Transilvania? - I'm tired of this world. Frank. Magenta I'm actually grateful both you and your brother Riff Rough - you've both served me well - loyalty like

yours should be rewarded, and you will discover that when the mood lasts me, I can be quite generous. Red. I don't want anything, Master Frank. - And you'll get it in abundance. Guests will be growing sededless. (Frank exits.) (MAGENTA and RIFF RAFF look at each other - they make extraterrestrial cues.) (Strom light - blackout.) (Spotlight on.) Ravi. And so, with some wonderful coincidence - fate seems to have decided that Brad and Janet should keep that appointment with their friend Dr. Evrett Scott. But, it was supposed to be in a situation where none of them could possibly have foreseen it - and just hours after sean Brad and Janet announced their engagement both tasted the forbidden fruit - it was in itself proof that their hosts were a man of small morals and some persuasion - what other insinceratedness would have been that case...? And what about that voice transmitter and the flooring that's been talked about? - What really? From what's not a picnic before it's revealed, Scene 10 (each enters only through slash curtains - wearing black and suspended stockings and black underwear and eventually becoming a chorus line.) [Song: FLOORSHOW /ROSE TINT My World] Columbia. It was great when it all began I was a regular Frankie fan but it was over when he had plans to start working on a muscular man now the only thing that gives me hope is my love of a certain world drug tenet keeps me safe from my rocky pain and pain. I'm just seven hours old really beautiful to behold and someone must have said my libido is not controlled now the only thing I've come to trust is the orgasmic rush of the lust of Rose Tints my world keeps me safe from my Brad's pain and pain. It's beyond me helping me my mom be fine you will see what this dream is around, let's see I feel sexy what has come over me here it comes again Janet. I feel released a bad time the deceased has increased my confidence reality here the game has been disbanded my mind has expanded it's the gas that Frankie landed his lust is very honest (the band played the commotion.) (Enter PHANTOMS in similar outfits.) (Frank makes a spectacular entrance.) Frank. Whatever happened to FAY WRAY that delicate satin frame draped it clinging to your thighs how I started crying for me wanted to dress just the same yourself over to the sheer pleasure of swimming hot water the sins of erotic flesh nightmares beyond any measure and sensual day dreams to treasure forever - can't you just see it wow (speaking) it's not a dream - it's not. All. (Song) Don't dream it - it (they all come together touching and stroking each other, Frank at the center.) it's not a dream - be it not a dream - be it not a dream - be it not a dream - it (SCOTTY arrives after more than the last 2 choruses' on top.) Scottie Hmm... We need to get out of this trap before we sap our will this decade, I need to get strong and TO HANG OR MY MIND MAY WELL SNAP AND HAVE LIVED MY LIFE (SCOTTY SHOWS STOCKINGS AND HIGH HEELS.) For Brad's excitement, he's beyond me to help me, Janet's mother, god bless Lily St. Sir Frank. I hit me (they all form the chorus line.) I will hit a wild and awkward thing I receive one with a deadly bite and your mind goes ping your heart THUMP and your blood will then let the party and the sounds of rock in it shake until life has gone increasing the color of my world keeping me safe from my pain and pain all. We hit a wild and awkward thing we get hit with a deadly bite and your mind goes ping your heart THUMP and sings your blood so let's party and rock the sound in it shaking until life is gone pint my world is keeping me safe from my pain and pain we have a wild thing and without treatment we get hit with a deadly bite and your mind goes away Ping your THUMP heart and your blood will anthem so let the party and rock sounds in it shake until life is gone Rose Tenet my world is keeping me safe from my pain and pain (RAFF riffs and MAGENTA enter with extraterrestrial national costumes.) Scotty is a big sky - that's a laser. Riff Rough. Yes, Dr. Scott, a laser capable of emitting pure antimedication radiation. Brad. You mean you're gonna kill him? - What's the crime? oh , brad . Scottie, you've seen what's protected by Eddie. Exactly, Dr. Scott - now Frank-Ann-Forter, it's time for you - say goodbye to all this - and say hello to oblivi. Frank. Do your worst job, Colombia. no! no! (Colombia runs into Frank's shield, he's hit.) Frank. Did you do this for me? (COLUMBIA nods.) stupid bitch . (Colombia dies.)
