I paid for the app and studied the book and the app as crazy. He took this week's CST exam and it was nothing like it. Maybe 4 questions that asked similar information. Almost as if they changed the test format. Daunting for others and me in our class. However, with the study everything else still feeling good about the exam.... The results are not yet. Before the current update this has not been updated for about 2 years I think. He spent \$50 for outdated information. Don't buy this is practically a scam. I paid \$50 for this app and haven't been able to use it in the last month. What's going on?? The developer, Association of Surgical Technologists, has not provided details about its privacy practices and data handling to Apple. The developer will need to provide privacy details when they submit their next app update. The only AST-approved study guide for the NBSTSA's national surgical technologist certifying the exam that provides 6 practice exams and basic bonus scientific review questions for a total of 1,386 practice questions. Each exam reflects the content schema of the NBSTSA exam. An explanation of each response is provided and referrals are available on the AST website, [www.ast.org](http://www.ast.org) under the Students tab. The raw material provides techniques in exam preparation, including the study of technical material and retention techniques. Preparing for the exam can be a difficult task that began on the first day of your program and this study guide serves as a study tool to reinforce the learning that took place while attending the program.
