Destiny 2 players have already broken apart from the Warming expansion to reveal a questline that unlocks the beloved Sleeper Simulator Heavy Fusion Rifle from Destiny 1. In this nonsense-free guide, we'll tell you what to do and what perks make this weapon as big as it always has been. TO OBTAIN SIMULATE SLEEPER IN DESTINY 2 In order to get Destiny 2's Sleeper Simulator, you will first need to have completed your main campaign in the recently released DLC Warmind. Talk to Ana, then talk to Zamala to get an exotic campaign. Talk to Ana again, and she'll give you assignments called The Legacy Code and A Piece of the Past. Finish them both. After purchasing Legendary Hand Cannon, talk to Ana once again to start a called Violent Intel. It takes you to kill Hive and Cabal with headshots in the new area of the Mars basin. This part may be a bit of a grind, but public events can be a great help here. After that, you will unlock a Step called Rasputin's Culling.This mission requires you to defeat powerful enemies, which means hunting down and killing as many yellow bars as possible. Public events on Nessus have a lot of these, or you can do Heroic Fallen Glimmer Extraction Events too. You can generally finish this step in a series of events if you play your cards right. Intel Violent Search begins to grind you towards Destiny 2's Sleeper Simulant. Bungie /Activision The next search is called Warmmind's Glory, and requires finishing five heroic strokes. With that horrible grind done, you'll finally get a full dialogue mission called the Perfected Form Protocol. Just replay Will of the Thousands with the EQUIPPED IKELOS weapon and you'll be ready to go. Go back to Ana and the Sleeping Simulator is yours. WHAT ARE THE ADVANTAGES AND BENEFITS OF THE ADORMITED SIMULANT? The advantages of Sleeper Simulant make it similar to its Destiny 1 version.
