I need to fix or replace Bill and Gossett's 100 series carrying the assembly in the rental house I have, (I'm also thinking i should replace the engine mounts and plug-in clip while I'm at it), and Have seen many recommendations to switch to the 007 Taco Circulation, with quite a bit of disagreement over whether tacos will be enough in all cases. I have the oldest Burnham gas boiler with a hot water heat pipe tube fin. The boiler is in the basement, a wo-store y house, with three area valves, and heat on the first and second floors.
