Tariq nasheed the mack within pdf

The Art of Mackin' is the first book of rules for players - from overcoming the fear of getting dissed to seeing stank die on. Now mackin' experts are back with a major straight-up guide to every mack and mack-wannabe. Whether she's chasing ass or cash, trying to spit on a game at a Benz-driving Diamond Girl or a tough Copper Chick on the street, or if she's just tired of being coochie-whipped, it's time to open this book and unlock the time-tested secrets of the pimping game. The Art of Mackin' is a first dating book, a rule for players - from overcoming fear, being dissed to seeing a whore's head. Mackin's expert returns with a straight-up, guide to any mack or mack-wannabe. The first way book that teaches men how, being a player and mack - the hip hop version of, the ancient cad - and how to use the game as a game as a form of manipulation (not a hoax) to get ,what they want from women. A classic. - The New York Times Book Review on The Art of Mackin' United Kingdom-B Paperback Format This item is not included in this page. Thank you, we'll investigate this. Start your review of The Mack Within: The Holy Book of Game Rule number 10: Don't trust a woman who won't perform oral sex on you. This is Tariq Nasheed. He's an asshole. And this is Greg. He's a player hater. I don't know if I want to laugh until I myself or shoot myself in the face because this book exists. This is a book for people who find most other 'game' books too sophisticated. Want to know how impressive a Diamond girl is (i.e., a girl with money and intelligence)? Answer: Read the geography book because he might like to travel. I don't know if I want to laugh until I myself or shoot myself in the face because this book exists. This is a book for people who find most other 'game' books too sophisticated. Want to know how impressive a Diamond girl is (i.e., a girl with money and intelligence)? Answer: Read the geography book because he might like to travel. What kind of girl should you avoid? A: The Zirconia Cubic. But how do you choose one? Well it weighs an average of between 140 and 300 lbs, has had more than one abortion, probably about 3 to 4 on average and has several children. Stay away from those whores. As a mack, you have to respect your penis, and you just don't go sticking it into anything that moves. Want to know two things that the woman in you respects? A: One, your game (that is, your fake facade of lies and nonsense bullshit), and Two, your sperm so they can make the same little baby mack as you. If this was a humor book I would think it was sort of offensive and racist but also funny. But I don't think this should be humorous. What makes me sad that there are between seventeen and nineteen people who have bought this book from the store in the last year, and at least more than half of them I am sure bought this with a view to learning from it. I think the other half are assholes like me who revel in reading the most illiterate shit imaginable, or hipsters who find this kind of thing ironic (I don't find anything ironic in wallowing me in the intellectual desert shit of our society... I just did it to kill and my novice optimism probably happened to feel growing in me about the future of mankind.) One can't see it too clearly here on goodreads. But the ugly woman on the cover of this book (which I'm guessing is very trustworthy), looks as if she's recently been hit pretty the side of her head. His cheeks look like the beginning of what would have been a pretty nasty bruise. I think he was hit with a glass pimp who held the author's (note to self, went to that place in the mall that put your name on the metal trophy (Fine Impression?), and got the contrived trophy, and then stopped at the craft store to decorate the rhinestone's trophy with). I actually don't have much to say about this book. I really just want to share rule number 10 with all the good people on goodreads, especially people who might have spread their trust around like a dirty ho without getting their knobs of spit shine first. ... more This book is definitely interesting to read. It always helps to get a new perspective on life. My favorite quote from this book is To be a leader, you have to be worth following. Another good analogy that Tariq Nasheed explores in the book is the symbolism of lions and Egyptian culture: The Egyptians patterned their relationship after the patriarchal structure of the lion kingdom. The male lion has long been considered the king of the forest. Man This book is definitely interesting to read. It always helps to get a new perspective on life. My favorite quote from this book is To be a leader, you have to be worth following. Another good analogy that Tariq Nasheed explores in the book is the symbolism of lions and Egyptian culture: The Egyptians patterned their relationship after the patriarchal structure of the lion kingdom. The male lion has long been considered the king of the forest. Male lions are one of the most respected and feared animals in the wild. And what do male lions do? He shivers, mostly. The male lion does not have to prove its dominance at all times. The male lion sleeps all day, but he is the most respected animal in the forest. The male lion also has a number of lionesses doing its job Lionesses do all the hunting. Tea lioness raises her cubs. After the lioness kills, she won't even eat the meal The male lion has filled it. Good reading, by the way. For more information about Tariq Nasheed, go: ... the more I read this book and it changed my life. Eventually someone articulated something I've always known, but didn't have the language to or outlet to further define it. Tariq Nasheed is a great writer. He has also done some amazing movies, such as hidden colors 1 and 2. He does a weekly radioshow podcast that comes every week on the internet, and you can find it by googling macklessonsradio.com. On his show he discussed a variety of informative topics for brother, from what happened in the news I read this book and it changed my life. In his show he discussed a variety of informative topics for brothers, from what happens in international news to politics and economics, as well as racism. He's not just talking about Mackin women, as many clichéd people assume at first glance. I highly recommend all his books. This is the only one I have, but my goal is to have and read it all. ... I think this book is for people who need to learn how to have confidence in themselves and how to evaluate a woman and her environment. Many men especially during this age and time do not know how to maintain a healthy relationship with women and do not know how to spit the game on a notch of women so they settle down. This book is an eye-opener with ten rules for men to follow to better themselves and no relationship. Good reading... This book refreshes your mind on many things that some people should already know. But for people who never knew, it was a good map on the way the world ♣. Vocabulary is decided urban colloquially and that may reject some readers but it would be a mistake. This book means not to judge a book by its cover. I agree with a lot of what Tariq says, though perhaps the way he expresses his message can turn down a more conservative readership. I believe knowledge can be found in the most unusual and I find this book useful in the sense that it exposes the way some women operate with some men react. This book offers an interesting spin on relationships and I discovered knowledge derived from Tariq's empirical value experience. ... more entertaining. Light-hearted. But still serious about the game. It's full of lines. I have seen many people leave comments criticizing the author regarding the knowledge and wisdom he takes. There are those who seem to want to challenge the rules of the game or simply disagree with some difficult to swallow home truths... to them a pimp just said, Don't hate playa, hate the game. Okay so I didn't finish it and the prose was god awful but where else am I going to learn how to take women? Among other pearls of wisdom, from the Value Your Dick sub-chapter, King Flex has these words: As a mack you just don't stick your penis in any area. Funny book. It's hard to believe that the author is serious. I believe everyone should have this in his collection. This is a playbook for anyone who wants to understand The Game and how to win. I love the book King Flex a.k.a. Tariq Nasheed a.k.a. Tariq Elite. He always drops ISMs in all his joints. I changed my goons on all his joints!! a book I read over and over again. One day I'll know the book with hart. one of my favorites It will put imping in your pimp
