Currently registering 2020 DFAC Summer Art Academy, YAY! :) YES, we have added NEW CAMPS for the weeks of August 10th and August 17th! Scroll down for more information! Greetings to all! There is a lot of information about the health & safety protocols that we put in place to help everyone with safety and health. Please take the time to read it all! The overriding factor is that DFAC at least follows the city, county, and state guidelines. This means that you will learn about changes within the same time frame as us. We will update this page, so please check back if you have any doubts. A:) We can tell you what DFAC has been planning. After closing DFAC and canceling 12 weeks of revenue, revenue, workers and reducing the salaries of skeleton crews in March, we started working on adapting to the camps so that after arriving on June 1, we were ready. On June 1, he arrived and we're off to a good start. Below is a list of some steps that have been resolved: - All camps maximum attendance per group has been reduced to 8 students. This allows for 1 instructor and one assistant for up to 10 - studios created with individual tables/chairs after 6ft of social receding intervals - Staff/Instructors/assistants wear masks - Non-contact thermometers at 3 main entrances and each (of all ages) entrance to the building will have to wear a mask (not provided by DFAC) - Hand sanitizing at the three main entrances. - CDC signage - Studios have washbasins/soap/water - Studios will have healthy carts stocked with wipes, hand sanitizer and peroxide spray - No group collection. Drop off, lunch and pick up will be in their respective studios (a map and tips will be sent to each family on the Friday before the camp starts) - Unfortunately, the only studio space that can't be converted from social distancing protocols is a darkroom. The darkroom component for Art Squad will meet at douglas whitely gallery and will work with solar grams, digital black and white photos and recording projects - Hands on area still closed to the public and on weekends. Soft materials/activities have been bagged and removed - 6ft reminder spacing throughout the building on floors and bollards - Disinfecting high touch areas regularly throughout the day - Nightly Deep CleansEs We want to do all the best in us, with keeping everyone happy and healthy this summer. It starts with you and your child. In previous years, DFAC has always promoted good hygiene with Keep DFAC Happy and Healthy, covering your mouth, washing your hands and not touching your face. We continue that with the CDC's additional guidelines please stay at home if you are sick, wear a mask and keep a 6ft social distance. As you move through the summer, please have your baby (if you haven't already) start getting used to wearing a mask and practicing 6ft distancing. Practice washing your hands for a full 20 seconds... slowly count to 20 or sing all the best twice. Whether you're doing this game or not, this practice will help a lot in the camps and create healthy habits. Thank you for your patience and support. Be safe, healthy and creative, Todd Still Director of Youth Education Up to 10 12 weeks, DFAC's Summer Art Academy offers fun, creative, cognitive experiences for children and adolescents aged 4 1/2 to 14 years. DFAC is proud to offer over 30 years of Summer Art Enrichment fun. Todd Still, director of youth education, is excited about the position of his 23rd year of one of the best summer programs in Tampa Bay. Art classes with the best artists and art educators region - Multi-media experts with skills from painting to clay to dreamin' drawing!
