Aquatic animals for pets

Company: Lambert Kay (pectin & kaolin) Diarrhea medicine for dogs & cats delicious vanilla flavor PET PECTILLIN® The diarrhea drug contains pectin and kaolin. It is useful as an aid for the treatment of diarrhea in pets. The improvement should be noticeable in 2 to 3 days. ECTIN provides a protective coating to irritated gastrointestinal membranes. It is also a detoxifying agent against bacterial toxins that cause inflammation of the gastrointestinal membranes and diarrhea. Kaolin, an adsorb, increases volume and slows the passage of feces. It also absorbs and promotes the excretion of toxins within the gastrointestinal tract. Instructions for use Shake well before using dogs and cats: Mix with food or feed directly every 4 hours. Up to 15 lbs (6.8 kg) 1 Tsp (5 mL) 15 lb (6.8 kg) to 50 lb (22.7 kg) 2 Tsp (1 0 mL) Over 50 lb (22.7 kg) 1 tablespoon (15 mL) PET Pectillin Caution If symptoms persist after use for 2 to 3 days, consult a veterinarian. KEEP AWAY FROM CHILDREN USE ONLY ACCORDING TO INGREDIENTS INSTRUCTIONS: Water, Pectin, Kaolin, Glycerin, Natural and Artificial Flavors. For crap caused by diarrhea use FRESHN CLEAN® OXY-STRENGTH® Pet Odor & Stain Eliminator Removes stains and odors caused by vomiting, urine, feces and blood Questions and comments; Call 1-800-690-6455 Mon-Fri 9am-5pm CT Made in USA Distributed by: PBI/Gordon Corporation, A Company Owned by Employees, Kansas City, MO 64101 www.lambertkay.com NET CONTENTS: NDC Product No. 4 FL. Updated: 2020-12-31 Company: Lanxess Disinfectant disinfectant and virucide FOR use in cleaning and disinfection disinfection surfaces related to aquaculture Powder Form Effective against viruses*, Bacteria, and Fungi ACTIVE INGREDIENTS Potassium Peroxymonosulphate 21.41% Sodium chloride 1.50% OTHER INGREDIENTS 77.09% TOTAL 100.00% Equivalent to 9.75% Available Chlorine EPA REG NO. 39967-137 EPA EST. NO. 57787-MI-003 KEEP CHILDREN'S RISK FIRST HELPS IF IN THE EYES: Keep your eye open and rinse slowly and gently with water for 15-20 minutes. Remove the contact lenses, if any, after 5 minutes, and then continue to rinse the eye. Call a poison control center or doctor for treatment advice. IF IN A STATE OR ROCHIA: Remove the contaminated clothes. Rinse the skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. You have the person sip a glass of water if they are able to swallow. Do not induce vomiting unless told by the poison control centre or the doctor. Don't give anything orally to an unconscious person. Have the product container or label with you when you call a poison control center or doctor or it is a treatment. For 24-hour emergency information about this product, call 866-673-6350. NOTE FOR THE MATTER: Possible damage to the mucosa may be contraindicated the use of gastric lavage. PRECAUTIONARY STATEMENTS RISKS FOR HUMAN AND PET ANIMALS RISK: The dust is corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through the skin. Do not take eyes, skin or clothes. Wear glasses (or face shield). Wear protective clothing (long-sleeved shirt and long pants, socks plus shoes and gloves resistant to chemicals, such as water proof gloves). Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothes before reuse. The corrosive statement refers to powder only that it is not in diluted solution of use. ENVIRONMENTAL RISKS: Do not discharge waste water containing this product into lakes, streams, lakes, estuaries, oceans or other waters, unless in accordance with the requirements of the National Pollution Elimination System (NPDES) authorisation and the licensing authority has been informed in writing prior to discharge. Do not discharge waste water containing this product into sewage systems without first informing the local authority of the waste water treatment plant. For guidance, contact the State Water Board or the EPA Regional Office. SPECTRUM: Virkon™ Aquatic is effective against many microorganisms: positive and gram negative bacteria, fungi (moulds and yeasts) and mycoplasma. The efficacy of the 1% solution against bacteria and viruses* was determined in the presence of 400 ppm and 5% organic water in most cases. Exceptions are marked with qualifiers, e.g., no hard water, no soil load, and 2% solution. STORAGE AND AVAILABILITY Do not contaminate water, food or feed with storage and disposal. PESTICIDE STORAGE: For buckets, jugs, bottles: Store in a cool dry place in a tightly closed container. Keep away from the kids. Always replace the lid after use. Keep the dehumidifier with the product during storage. Do not mix this product with other chemicals. PESTICIDE AVAILABILITY: Pesticide waste can be hazardous. Improper disposal of excessive pesticide, spray mixture, or rinsing is a violation of federal law. If this waste cannot be disposed of using as directed by the label, contact the State Pesticide or Environmental Control Agency or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. AVAILABILITY OF GOODS: Non-re-irrigated container. Do not reuse or refill this container. Completely empty liner with shake and piercing sides and bottom to loosen cling particles. Vacuum residue in the application equipment. Triple rinsing container (or equivalent) immediately after emptying. Triple rinse as follows: Empty the remaining content into application equipment or a mixing tank. Fill the 1/4 container filled with water and recap. Shake for 10 seconds. Pour the rinsing into the application equipment or into a mixture tank or store the rinse for later use or disposal. Drain for 10 seconds after the flow starts to drip. Repeat this procedure twice more. Then offer for recycling or repair, or puncture and disposal in a landfill or, if permitted by state and local authorities, by burning. If you burn, stay away from smoke. Virkon™ WATER SOLUTION PROVISION to achieve the appropriate concentration of Virkon™ water concentration with the volume of water and the amount of dust found in the following table. Solutions are fixed for 7 days. Do not moisturize metal objects in Virkon™ Aquatic for long periods of time - 10 minutes is the maximum contact time necessary. A gallon of solution is sufficient to treat 135 square feet. Water Quantity 0.5% Solution 1% Solution 2% Solution 1 Quart 0.15 ounces 0.3 ounces 0.7 ounces 1 Gallon 0.65 ounces 1.3 ounces 2.7 ounces 10 Gallons 6.7 ounces 13.4 ounces 26.7 ounces 50 Gallons 33.4 ounces 66.8 ounces 133.5 ounces Measuring cup supplied. Instructions for Use It is a violation of federal law to use this product in a manner incompatible with its labelling. GAS NOT approved for this use in California Virkon™ Aquatic is intended for the disinfection of inanimate environmental related to aquaculture, including vehicles, nets, boots, waders, diving suits, hoses, brushes and other similar equipment. Virkon™ Aquatic can also be used in foot immersion. Virkon™ should not be applied directly to water. Equipment used in separate areas, tanks, lakes in water areas should be disinfected before each new use by immersion for 20-30 minutes in a 1% Virkon™ Water solution followed by water water RESULTS ON THE FOLLOWING PATHOGENS: ANIMAL AND ZOONOS PATHOGENS BACTERIA Actinobacillus pleuropneumoniae Klebsiellae pneumoniae Streptococcus pyogenes Mycoplasma mycoides Pseudomonas aeruginosa Escherichia coli Staphylococcus aure us Salmonella enterica Salmonella typhimurium Listeria monocytogenes IOI* Infectious pancreatic necrosis virus Snakehead rhabdovirus Infectious salmonemia virus MYKITA Aspergillus fumigatus Manufactured for: Lanxess Corporation, 111 RIDC Park West Drive, Pittsburgh, PA 15272 For information: USA/Canada (800) LANXESS International +1 412 809 1000 ©2017 LANXESS.
