Next Vehicles Introduction Prev Burnout Paradise: TUB Guide About Paradise City Paradise City has an area of 26 square miles and 350 km of road. The hotel is divided into 5 districts: 3 urban areas (Harbor Town, Downtown Paradise and Palm Bay Heights) and 2 villages (Silver Lake and White Mountain). Traffic depends on the actual time of day and the weather changes dynamically – for example from sunny to foggy. Driver's license The better the driver in Paradise City, the higher the driver's license he gets. To advance to a higher level, you need to win in various events: The type of licenseAvailabilityLearner's PermitAt starts. Class DAfter winning 2 events. Class CAfter won 7 events. Class BAfter winning 15 events. Class AAfter won 26 events. BurnoutAfter winning 40 events. EliteAfter won 120 events. Achieving a higher license type resets all events, except the Burning Route. Bikers can get two types of licenses: The type of licenseAvailabilityLearner's PermitAt start. RiderAfter won 10% of the event. Basic manoeuvres Every driver and biker in Paradise City must master the following maneuvers: Drift - driving into corners and braking at the same time, controlling the driving angle by speeding/braking. Flat Spin – takes off (i.e. from the ramp), uses the emergency brake and spins at the same time. Barrel Roll - Takeoff from the ramp) when the car leans left or right, resulting in an air corkscrew. Power Park - use the emergency brake to stop between two already parked parked - Lean back while riding a bike. Ride aerodynamically - lean forward while riding a bike. Burnout Paradise Remastered is now available on nintendo switch. Go to ea.com to get your copy. Need help downloading and installing Burnout? We're helping you. Digital copyIf you buy a game through an online gaming store, you don't have to worry about redeeming the game code. Just download, install, and play. Physical copyWill you buy a physical copy? All you need to do is pop in the game and play. There's no code to make up here, either! Your first stepdaughter becomes real: you probably already know and love Burnout. But if you're new here, welcome to Heaven. We've got some info on what to expect when you hit the road in the remaster. When you get started, you'll get Student Permission right away. Complete the event and level up to start generating towards the Burnout License. As you improve your license rating, you'll unlock more cars. You need a ride, so you'll be taken to Junk Yard where they'll trap you with the first one. That way you can start touring Paradise City.Once you get a ticket to ride, start burning the rubber and explore everything on offer See all the burnout features in ea.com.Gameplay tips and tricks Whenever you find a new place, it will be added to your map. That means Shop Auto Repair Shop, Gas Station, Burnout Burnout from that. If you get lost, drag your map and look around to see where you should go next. If your car is beaten as you drive around, you can fix it in any Auto Repair Store you see. If your car is hit during the event, you should set up auto repair shop as soon as possible. That will keep you from getting total so you can stay on the show. Out of urges? Go to the gas station to recharge. Start the event at the traffic light by pressing the brakes and gas simultaneously. Having trouble? Check out our troubleshooting article for help if you're having trouble installing or playing Burnout Paradise Remastered.Want more game info? Follow @Burnout on Twitter and love the game on Facebook. Contact Us Regarding EA Content FlagView HistoryThis is the Burnout Paradise Wiki Guide (and Burnout Paradise Remastered), with maps, images, and locations of all Billboards, Super Jump, and Smashes and more. If you aspire to be an elite Burnout driver, you'll need a good crew behind you — and that's where this guide comes in. Welcome to Heaven! In this Burnout Paradise strategy guide, you'll find: Sign up at Paradise City Community College today: now offer Stunts 101. Statistics, unlockables and everything you need to know about man's best mechanical friend. More unlockables, secret cars, codes, and other ways to get around the system. There are 120 Billboards in Paradise City. Here's how to find everything, with maps, pictures, and more. There are 50 Superjumps in Paradise City. Here's how to find it all, with, you guessed it, maps, images, and more. There are 400 Smashes, here are the maps you need. Overview: - Estimated Difficulty Achieving: 6/10 - Offline: 41 850 - Online: 19 400 - Estimated amount of time to complete: 70-100 hours - Number of playthroughs required: 1 - Number of achievements missed:2 (Requires Vision Camer)- Incorrect achievements: 0 - Does the cheat code disable achievements?: No - Does the difficulty affect achievement?: No Introduction: Burnout Paradise is an excellent game if you are a fan of free roaming racing games or fans of previous Burnout games. The game automatically loads the only files saved, thus limiting the game to one playthrough, unless you delete your save file, but that's all it takes for achievement. To unlock all the achievements the only outside requirement is that you have an Xbox Live Vision camera connected to your console. There is a sponsored product code, but this in no way disables your achievements. They have been disabled with one of the game updates released. Step #1: Getting Started the first thing to do is build a checklist of billboards, smashes, and super jumps in paradise city. Make sure that every time you get a billboard, super jump, or smash that is painted one way or another, otherwise it can become very very try to find that last one found. A map showing all the results that can be found can be found in the guide below. The only other big step is finding a good partner to achieve trading with online as many achievements can be accomplished in this way. You can find partners who improve in the thread of trading achievements HERE. Step #2: The first Order campaign of the business is to fix the Hunter Cavalry that you started with. Car repairs can be found one block east and then half a block south of where you started. After doing this, the location of the burned route will be opened on your map. Complete to unlock your next car. From here I would advise to get used to driving an action car, speed, or aggression and stick to the relevant types of events be it stunt runs, races, or road rage and marked people. From there, keep finding events and finish events according to the type of vehicle that's most convenient for you. As you advance, a vehicle for you to lower will appear. If the car is driving on the wrong side of the road or faster than other cars, chances are it is one of them. Just hit the car into something to drop it and it should be added to your junkyard. From there take the car to the repair car and complete the burning route. Repeat everything several times until you get your burnout license. From here the car starts to get much better, but at the same time the events are getting harder. Continue what you did with your previous events, but now you have to move to another type that might present a new type of challenge for you, but with all the cars unlocked until now it shouldn't be too difficult. Finally you will open WTR Racing. That's the last car you're going to open by dropping it. It also means you will face the last burning route. The only way to win it is to stay in the future on I-88 and not to let go of the push or gas. Near the last stretch of I-88 just below Webster Avenue you need to take the exit to reach the baseball stadium, making sure to take responsibility for the cross traffic. It can take a few trials but you have to get it in the end, unlocking your PCPD Special. From there continue with the event until everything is finished opening the Elite Driver's License. Now you must have at least 325. If not come back and check to see what you can miss. Step #3: Offline Cleaning Now is the time you have to work on cleaning up all the little things you can't do online or just easier offline. Use your checklist make sure you get the rest of the billboards, smashes, and super jumps. Not only do they give you some achievements, but they also lead to the achievements of criterion elite and give you a new car for each. Check to make sure you have all the achievements associated with the event. Event. No, it's time to get them. These achievements include Perfect Rage, Rising From the Ashes, Duckin' and Weavin', Rampage!, and Millionaire's Club. Millionaire's Club can be difficult for inexperienced gamers, but try taking a good stunt run car, the Toy P12 is great if you buy it, and try to stick around areas like mines, trains and airfields. Now you have to find all the car parks, drive thrus, and events. In the rare case that you have not found all the thrus drives by chance, now would be a good time, as they can be very helpful to know where they are all if you need a boost or to switch your car once you start online. The last thing to do offline can only be done if you have downloaded Party Pack. It only takes one controller. Prepare for eight players and eight rounds, and make sure you never mess anything up by letting one player lose. The design of this mode allows you to do it all by yourself without eight people, although it is set to eight players. If you make sure that each of the eight players scores in each of the eight rounds, you can complete both Party Pack achievements in one session. Now you should be in 565 if you have a Party Pack. Step #4: Online with Friends If you happen to have an Xbox Live Vision Camera make sure that it is always connected when you are online with this game, it will give you some achievements. The first thing I would recommend is for you and your friends to get boosting around the world achievements. There are patches so it is no longer possible to get constant burnout by drifting in one area. The easy way to get this is to start the race between the two of you, make sure you turn off the traffic, and then head to I-88. Stay in the case of coming up while improving and you'll eventually reach your 20x burnout with a bit of trouble, making sure you don't hit the toll gate. Once you both get the feat don't hesitate to finish the race, but be sure to give each other enough time to finish it. Take turns winning races from there until you've both won 10 races, but make sure you let each other finish each race as well so you complete a total of 20 races. This is where you two have to try to complete all the two-player challenges. If you like, you can also get as many of the two player time challenges done that you are capable of. Don't worry about bike challenges at all, they're just for If you happen to have a cop and robber pack, you can also reach a trade with it. Just set it up to one round, let one man be a cop and another become a robber and let one of you win. Then repeat that let others win. After that, switch from police to robbers and robbers to cops and repeat. If you have content that Big Surf Island can download, next all you want to do is go through 10 online island challenges. You should now have 800 if you have a Party Package, police and robber content that can be downloaded, and Big Surf Island.Step #5: General OnlineCommern online pretty much clears achievements in whatever order they become available. Depending on who you join online, you could end up doing anything, but always try to make the most of the situation. If they happen to race, take advantage of that and try to win, especially if there are eight players. While racing, takedown is also a bonus. If there is a stunt run or a marked person then take advantage of the people dropping each other to get some extra mug shots. Try to focus more on the people with the camera. If they do the challenge get as much as possible. Quite often people will be friendly enough to do what you both need, so ask them if you happen to have a microphone. In the chance that people just become stupid knocking each other down when you don't want them, just play along so you can try to make more rivals until you get fifty. This is also a good opportunity to trade more mugsshots. In the rare event that another player does nothing from which you can acquire a wise accomplishment this is a good opportunity to work on your showtime score and time score rules your way. If others happen to be working on them as well and you both have cameras trying to beat each other to trade more mugsshots. In the rare occasion that you run out of stuff to do try to lead a bunch of score games such as the closest misses in one go, the most coming, the largest flatspin, etc. If you can lead six scores, which appear in the upper right corner of the screen, when there are eight players there you get the achievement. It's usually not too difficult unless someone else tries to do this too. You want to make sure that you have achieved 500 deletions, completed all roadrules, sent 50 snapshots, received 50 snapshots (a maximum of 20 can go towards each type of snapshot as can be seen in The Lineup), completed 250 challenges, completed two parts of a freeburn car challenge that can be easiest to do with two players and three players, and have completed all the specific instructions in this section. Step #6: Big Surf Island This step can be skipped if you don't have the content that Big Surf Island can download. There are a few things to do here but they don't need to be resolved in any particular order. You have to find all the island events. There are events at every intersection that traffic lights. They don't take long to find out if you're just driving on each road from one end to the other. The next step is to find 20 smash islands and 15 island billboards. To find them just going around watching for a glowing red. Given that this is a small fractions of the total you have to find it in no time at all even by accident. The last thing you need to do is take the Crash TV Ski Jump and manage to get 4.5 seconds of air time from it. Almost all stunt car types of cars have to work and many other cars will. Good advice is Carson Duststorm that you'll start with on the island. To find a ski jump is just heading east from the only junkyard on the island. Just before the first big bend on the road you will see into the off road lanes and billboards between them, you will want to take the left road. Follow the path while sticking to the left and you'll quickly see a sign that says ski jump. Take a ski jump at full speed gaining 4.5 seconds of air time and you will be done island. Step #5: Final CleanupIf you've done everything until now and don't have all the accomplishments, here are some possibilities. Check your discoverables section in the game menu and make sure everything is found. If you haven't gotten a 10x multiplier in showtime this can be easily achieved by starting show time in an area with lots of buses, there are many of these in the mountains to the west, and focus on hitting them, if you run out of buses keep going down the road crashing into cars to keep your urges sure to hit the bus that goes down the road. Having completed enough challenges, you should get a 100% power park rating. If not, there is an easy way to do this. It is a common misconception that you have to turn your car into a parking lot but this is wrong. It is possible to directly enter between two cars and use only the handbrake to straighten the car. This technique is very helpful for some people and confusing for some, if it works for you, it can be very helpful even though extra space is sometimes needed to slow down enough. A roll of 2x a barrel must also be achieved. Updates have been added that automatically level your car out. To keep the car rolling hold in the direction that you happen to spin until the two wheels have finished and then upgrade. An easy place to do this can be found in the mines among several other places throughout the game. Conclusion: You must now have every achievement available to you. It can be an entertaining and rewarding game to play. Overall, this is not too difficult to complete, it just takes time. The biggest variable for how long it takes to complete this is how cooperative other players are online which varies greatly. Lastly, the only thing that prevents you from completing 100% is you will need an Xbox Live Vision Camera and some downloadable content.x360a would like to thank kaleido42 for this Road Map. Map. Map.
