The exclamation mark in the equilateral triangle is designed to alert the user of important instruction manuals and maintenance (maintenance) in the literature accompanying the device. NOTE: maintenance instructions are used only by qualified service personnel. To reduce the risk of electric shock, do not perform any maintenance other than that contained in this manual if you are not entitled to it. Please contact the management of the instructions. FCC NOTICE: This equipment has been tested and established to comply with restrictions for a Class B. digital device under FCC Regulations, Part 15. These restrictions are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can emit radio frequency energy and if not installed and used in accordance with the instructions can cause harmful interference to radio communication. POWER SOURCE: Connect the supplied adapter to the back of the DVD player in the Power In Connect end of the power cord to the AC100-240V socket. If you have difficulty with the plug, turn it over and reinsert it if will not be used for a long time, disconnect the plug from the wall socket. NOTE: Before plugged in the power cord to an AC outlet, make sure that all connections are made. NOTE: TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THE APPLIANCE TO MOISTURE RAIN. Safety instructions are important1. Read these instructions.2. Follow these instructions.3. To the attention of all reservations4. Follow all instructions.5. Do not use near water6. Clean only with a dry cloth.7. Do not block the air vents. Maintain a well-ventilated state around the product. Do not place on the bed, sofa or anything that blocks ventilation. Set according to instructions.8. Do not place any heat sources nearby, such as radiators, heat registries, furnaces or other devices (including amplifiers) that produce heat.9. Do not defeat the fuse of a polarized or grounding plug. The polarized fork has two blades with one wider than the other. If the plug provided does not fit into the wall socket, contact the appliance to replace the outdated socket.10. Protect the power cord from leaving or pinching it, especially plugs, splitters and exit point of the appliance.11. Use only the nozzles/accessories specified by the manufacturer.12. Use only with the recycle bin, stand, tripod, bracket or table specified by the manufacturer, or sell them using the appliance. When using the cart, be careful when moving the trolley/machine combination to avoid injury to the bit.13. Unplug this machine during a thunderstorm or not in use for a long time.14. Contact qualified service personnel. Maintenance is obligatory, if the machine has been damaged in any way, such as a damaged power cord or plug, spilled liquid or objects hit the machine, the machine has been exposed to rain or moisture, is not working properly or has been dropped.15. The machine should not be subjected to drips or splashing and should not be placed on the machine items filled with liquids such as vases. Copyright Protection Authorized copying, broadcasting, public performance and lending drives are prohibited. This product includes copyright protection technology protected by the claims method of some U.S. patents and other intellectual property rights owned by Macrovision Corporation and other rights holders. The use of this copyright protection technology must be authorized by Macrovision Corporation, and intended for the home and from its limited view uses only unless otherwise authorized by Macrovision Corporation.
