Cassie ventura me and you lyrics

Someone boasts their hot smokin body in the music video for I Know What You Want, the last single lifted since she released her April 2013 debut mixtape RockaByeBaby. Song was produced in collaboration with T.H.C., SunView and Terrace Martin, and the video was directed by Chris Latoch and Jayoh. Someone's millionaire. Editing the video was directed by Norwegian-born director Ray Kay. In the music video, someone comes with their phone playing part of the chorus to me and Yo while improvising some lyrics that weren't in the original song. She put the song on it and starts dancing and singing along, hurting herself while doing a spinning move, changing her outfit and then being able to successfully complete the spinning movement later. If you want me to stay, there's something we need to do, I have to see us for years, I have to trust him, I'm not with you, there's nowhere to belong, I'm not with you, I'm not there to call home, if I don't stay with you all the time, if I'm not with you, if I'm with you, You're not know if I can trust, if I'm not with you all these questions, because if I'm not with you I hope you expect this, if I'm not with you if I'm not with you, baby and I love it when it's just two of us lying around and I can't help. I want you to feel stronger now, so I hope you feel like I have to see us for years, I have to trust him if I'm not with you, there's nowhere to belong if I'm not with you, there's no place to call home if I'm not on the phone with you if I'm not with you, if I'm not with you, I don't know if I can trust you, if I can. I'm not with you all these questions, because if I'm not with you, I hope you expect this, if I'm not with you, honey, I hope you don't disrespect me, I hope I'm all you need and all you want in me is the way you show you care, show that you like when you're with me. You're not there where I belong, there's nowhere to stay with you, there's nowhere to call home, I'm not with you, if I'm not with you, if I'm not with you, I don't know if I can trust you, if I'm not with you all these questions, because if I'm not with you I hope you expect this, if I'm not with you if I'm not with you, baby there's nowhere I'm going to belong to, I'm not with you Ain't with you. Am. Where I'm calling home, if I'm not with you constantly, if I'm not with you if I'm not with you, if I'm not with you I don't know if I can trust you, if I'm not with you all these questions, because if I'm not with you I hope you expect this, if I'm not with you, baby I love it when they try to be intimate Getting even though they know I'm not really into it (you're not into it?)
