## Grex pin nailer

P650 - 23 Gauge 2 Length headless pinner | Features | Specifications | Picture Gallery | Videos | Supporting Docs Print Friendly Page Setting a priority, GREX continues to push the limit with its popular line of 23-gauge headless pinners. First of its kind, the Grex P650 sport has a 2 fastening capability. Now you have the ability to run even longer screws in soft or hard wood with the same high quality and features expected from GREX. High tolerance - Posit-Lock™ Nose cover: The high tolerance-prefetated hardened steel driver, nose cover and nose control unit adjusts and sets the headless pin for optimal drive performance. What is Posit-Lock™ - it's tight tolerance, durability and functionality that reduces paper jams to a minimum. Performance Improved Innovative Patented Magazine: GREX P650 sports a lightweight aluminum (not plastic) extruded magazine; stair-entered magazine, increasing access to tighter areas and more angles; automatically adjusts to pin size, accepts headless pins from 3/8 to 2; a rear magazine cap allows for both hex wrench and spare no-mar tip storage; has a durable yet operator friendly magazine lock; and last but not least a supply window with screws showing the pin supply. What's more: A swivel disconnect, prevents air-hose entanglement; removable no-mar tip, prevents project damage; the no-mar tip has four sight guidelines, increasing pinning accuracy; side bumps, prevent tool and project damage practical belt hook; rear exhaust using a silencer. Even more: Work high up on a ladder or pinning overhead, take a look at our GREX P650L. The P6 series comes in seven different designs: P630, P635, P645, P645L, P650, P650L and P650LXE.
