The idiot test 3 answers

$3(2 \times 4) + 6 - (7 - 9) = 32$ Tap 32. $4Y + 2X = 150$, where $Y = 2X$. $4(2X) + 2X = 150$, $10X = 150$, $X = 15$ Tap 15. Press the bottom blue button, then any yellow button, then press the top green button. Press the bottom red button, the top yellow button, the middle green button, the bottom blue button. Click on the largest rectangle. Press the green button 2 times, the yellow button 3 times, the blue button 1 time, the red button 1 time. Need cheats, answers and tips for The Idiot Test 3 game? Here's how you beat The Idiot Test 3 for iPhone, iPod touch and iPad! This app, by NexxStudio, is designed not only to challenge but also to trick you. Idiot Test 3 is similar to other games, including Moron Test and Impossible Test. Don't prove to be an idiot and use these Idiot Test 3 answers and cheats to help you beat the game! The Idiot test and its installation have kind of a cool story. The app started as a browser .swf games back in 2006. Since 2006, Ryan Curtis has partnered with NexxStudio to release an iOS version of the hugely popular game. NexxStudio is responsible for other applications such as Bloom Box and Glow Puzzle. Idiot Test 3 is the third version of the game to be released and the first to be available as an iOS app! Play different games but basically you are instructed and you have to follow it. Sometimes, it's as simple as tapping the right shape, sometimes you'll have to repeat the pattern and other times it requires some logic and thought. The game definitely requires your full focus. Idiot Test 3 has some interesting features that other level games lack and some of which come from its origins. Certain levels have passwords, which means that if you pass the first three levels and then lose, you don't have to start playing again from scratch, you can skip the levels you've passed before. Idiot Test 3 faces distance and has an in-game timer (although there is no time limit to complete the level). There are no in-app purchases for hints for the game so if you're stuck on a level, well, you'll have to use trial and error to figure it out. There are 9 levels, each level with multiple stages, and while levels 1 and 2 may not challenge you, The Idiot Test 3 does a great job of getting harder and harder. If you need help solving the puzzles in Idiot Test 3, we have all the answers, cheats and walkthroughs you'll need! Idiot Test 3 Answers, Cheats, and Walkthrough Level 1, Phase 1 Level 1, Phase 2 Level 1, Phase 3 Level 1, Phase 4 Level 1, Stage 5 Level 1, Phase 6 As always, be sure to pay attention to the instructions and follow them clearly! If you answer Exactly, you have to start over and go back to being a complete idiot! Some questions are timed and you have to answer them quickly, others require To memorize the order of objects and click them in a specific order. We wonder how the developers managed to create new sets of interesting questions, but The Idiot Test 3 is just as exciting as the other parts! The February 2007 release date for The Idiot Test 3 was conducted by Ryan Curtis. The color button feature from the first episode Password level is given once you have passed an animation platform level than this game is a web browser game. It is also available as an iOS app. Idiot Test 3 is a great addition to the Idiot Test series of game apps developed by Nexx Studio. It took me almost an hour to finally be able to guide all 9 levels in one shot from start to finish, as you can see in vid (i.e. no need to use password level to restart from a certain level). It was fun though and was well spent time. To see the step-by-step guide written with the photos please click on each link below: The Idiot Test 3: Level 1 Walkthrough The Idiot Test 3: Level 2 Walkthrough The Idiot Test 3 : Level 6 Walkthrough The Idiot Test 3: Level 7 Walkthrough The Idiot Test 3 : Level 8 Walkthrough The Idiot Test 3: Level 9 Walkthrough Many people are struggling in two places in this game: the idiot test 3: touch the biggest and smallest duck idiot test 3: collect all the ducks here is a list all : Stupid test 3 Stupid exam passwords 3 answers to the test 3 stupid exams 3 passwords pay attention 393k1 answers read 41 answers
