Bad intentions lyrics

La traduction de Bad Intentions de Marina Kaye est disponible en bas de page juste après les paroles originales

Close your mind, read my thoughts
Flashing lies through the dark
And I can tell exactly what you're thinking
So take another sip and let it sink into
Shut your mouth, hear the noise
I'm bonified, out of choice
So put the kids to misery
Break but you don't get anything to take.
I'm sorry you think I'm going out.
I'm sorry to think I'm running out of time,
I'm sorry to think I should pay for the crime,
believe me, because the bad and bad intentions of the bad and the bad and the bad intentions of the bad and the bad intentions
Don't lie to my face. You're embarrassing bad and bad intentions, bad and bad intentions.
Steta to mention Bad and bad and bad intentions
You have on me
Take a hit, throw a punch
I'll be straight, you'll be blind
Don'll feed me no lie because it was wasted
the truth is hard to swallow, you should taste it
I'll sorry that you think I'm going out
my mind
I'm sorry you think That I should pay the crime, believe because the bad and bad intentions of the Bad and the Bad and the Bad Intentions
Bad and the Bad Intentions
Do not lie to me in the face, you fucking shame
Bad and bad and bad intentions
Bad and bad, to mention bad and bad intentions
You have on me
How do you like me now?
Now that I'm not around, get your name out of my mouth, how can you even doubt it?
I'm going to get away from you
Look what you've made me do
bad and bad intentions
Bad and bad intentions
Bad and bad and bad intentions
Don't lie to me in the face, you fucking shame
Bad and bad and bad intentions
Bad and bad, bad and bad intentions
You have on me
Close your mind
Read my thoughts, flashing lies through the darkness and I know exactly what you mean, so take another sip and let to sink in to shut your mouth, you're getting out of my mind
I'm sorry that you think I'm going out of time
I'm not getting anything for the taking
I'm sorry that you think that I should pay the crime
Believe because bad and bad and bad intentions
Bad and bad intentions
Do not lie to me in the face, you damn shame
Bad and bad and bad intentions
Bad and bad, bad and bad, to mention bad and bad and bad intentions
Do you have on me
How do you like me now?
Now that I'm not around, get your name out of my mouth, how can you even doubt it?
I will get away from you
Look what you have forced me to do
bad and bad intentions
Bad and bad and bad intentions
Bad and bad intentions
Do not lie to me in the face, you fucking shame
Bad and bad and bad intentions
Bad and bad intentions
Do you have on me
Under investigation , lies bitter heart
Let poison sinks him
Let it leave its mark
Nea later there was a resemblance, sometimes it was a spark
broken communication, let it go too far
Every closer
Odmile you would like what I found
I did not do what I did (which I became!)
Smoking gun (I can't fight with these bad intentions!)
I'm not what I did (what I've become!)
Smoking gun (I can't fight with these bad intentions!)
Ah-ha-ah-hai I thought I was a victim, I passed it through the records well, trying to find myself
I tried to be salvation, tried to change
Oh, but I came too far to look the other way
Come closer
Deep you might like what I found!
I'm not what I did (what I've become!)
Smoking gun (I can't fight with these bad intentions!)
I'm not what I did (what I've become!)
Smoking gun (I can't fight with these bad intentions!)
Ah-ha-ah-ha
Just pull the trigger, I'll take the pain (you know you wanted to [x2])
Just pull the trigger, I'll take the pain
I'll be a big deal, just play the game!
I found a bitter heart.
I'm not what I did (what I've become!)
Smoking gun (I can't fight with these bad intentions!)
I'm not what I did (what I've become!)
Smoking gun (I can't fight with these bad intentions!)
I'm not what I did (what I've become!)
Smoking gun (I can't fight with these bad intentions!)
Ah-ha-ah-ha
Just pull the trigger, I'll take the pain
I can't fight with these bad intentions!
It's the face I wear, which treading riptide
Abysmal oceans where good girls go to die
I want to love someone want to feel their love on me
But after everything I still believe in true love
Not able to find it
Damn it tears me apart and I know it's my fault
I know it's my fault
We Go on a Trip.
1,000 miles above the clouds, we can stay here until we find out
I don't want to go home.
But I have to make sure I don't learn my lesson.
I have some devilish evil intentions, I see the world in 25 dimensions, I see that evil reigns over perfection
Blood heat over tension
i yes...
You say you love how storms blow, but when it comes, you close the window, you hate the fighting in the world, so you bring the battle home and fight until it's yours until I leave, and there are holes on the walls written in the sand
spoofoing on my lips and there's blood on your hands.
You see that in my eyes, I don't want to die. I have some kind of hard intentions, I have some secret, but I can't tell you, I don't teach a lesson.
Wake up with your black soul
Count your fears, if you let me baby
I just want my damn bad intentions
I have some damn bad intentions
I got some secrets that I forgot to mention
