While the Moen 1200 and the Moen 1225 cartridges are interchangeable, the Moen 1222 Posi Temp pattern is absolutely not interchangeable with the Moen 1225 or 1200. In fact, there's no part that's interchangeable between the Moen 1222 vs 1225 replacement parts. The handles don't fit, the shower plates don't fit, nada!
