Overlay A unique feature that we have is the overlay. You can overlay your coach card with an image to give your card a more personalized look. We'll add more images to the selection and will review any requests you may have. No brand Unlike other coach card manufacturers, we do not damage your card with any ads or credit text. We believe that each card you make is entirely yours and should consider how you want it. Make your trainer card now If anyone has any suggestions, comments, requests, bug reports, etc., feel free to post it here or PM me. I've worked very hard to create this and hope you all enjoy using it. MAKE YOUR OWN COACH CARD HERE it does not work how it works. it continues to show a big red ex in the upper left corner it does not work.... how it works. it continues to show a large red ex on the top left corner myself as well as a few others who have successfully used TCM. Can you give me a screenshot of the problem you are experiencing? In addition, any other details that you can provide such as your browser and operating system will be greatly appreciated. I look forward to getting this problem solved for you. Maybe others are experiencing the same problem you are having. Kind Regards, Haku MAKE YOUR OWN TRAINER CARD HERE doesn't work for me either. Ash nazg durbatulûk, tro nazg gimbatul, tro nazg thrakatulûk agh burzum-ishi krimpatul. There is no morality for you evolutionists. Please avoid saying things like that. Alright. For all those who have problems, try again. It'll work now. One of the HTML tags I used had compatibility issues with Internet Explorer, but worked well with most other browsers. This is just one of the reasons not to use Internet Explorer. I've always used FireFox and Google Chrome to check things out on my site. Anyway, it will work for almost all browsers now. If you still have problems with it, let me know. Kind Regards, Haku MAKE YOUR OWN TRAINER CARD HERE can you add shinies? it's just 2 of my pokemon is shiny Ash nazg durbatulûk, ash nazg gimbatul, ash nazg thrakatulûk agh burzum-ishi krimpatul. There is no morality for you evolutionists. Please avoid saying things like that. Can you add shinies? it's just 2 My pokemon is shiny I'll try... It shouldn't be too hard though the mutilation of sprites is a bit tedious. If you've been experimenting with my coach card manufacturer long enough, you'll notice that some normal pokemon sprites are not cut as well as some others. I encourage people to report them so I can cut them better in my spare time. The mutilation must be done manually and as you can imagine, sitting at a computer cutting sprites hundreds of sprites all day is not the most fun thing to do. Anyway, adding shinies shouldn't be too hard to make. I'm thinking of adding a text next to each pokemon selector with Shiny content? with a check box next to it. I just have to find a good resource for shiny pokemon sprites now. If you can recommend one/several, it will greatly evaluate. I don't think they're too hard to find, but any help is welcome. Kind Regards, Haku MAKE YOUR OWN TRAINER CARD HERE hi, 2 q's 1. Where is this tcm? can someone link it? and 2. you can (if not yet done) add hoenn coaching sprites???? i can't find a training card manufacturer with magma members ANYWHERE. and I really enjoyed putting that on my thnx card before, dfkop you can (if not yet done) add hoenn coaching sprites???? i can't find a training card manufacturer with magma members ANYWHERE. and I really enjoyed putting that on my thnx card before, dfkop Yes, which should be pretty easy to do. I'll see about the coaching Hoenn sprites made today. I'll post back with an update when I do. Kind Regards, Haku MAKE YOUR OWN TRAINER CARD HERE Is there a way to put in shinies? Or sex too? Have a nice day Black FC: 3911-6974-2268 - STUNFISK LAUGHS AT YOU!- Yesterday is history, tomorrow is mysterious, today is a gift, that's why it's called present. Me? I am not honest, and a man who is not honest you can always trust is not honest. Really. It's honest people that you want to watch out for, because you can never predict when they're going to do something incredibly... Stupid. Is there a way to put in shinies? Or sex too? As of now, no. Many coaches and the ability to put shinies on the to-do list. As far as gender is concerned, it wasn't really a priority, but since it seems like something you really want, I'll add it to the to-do list too. How advanced should the gender system be? Simply adding gender symbols should not be too difficult, but the appearance of some Pokemon depends on the gender. If you want me to add the female version to these pokemon, that's going to take some time. The more pokemon sprites I have, the more time I have to cut them on my own. Self-cropping about 500 pokemon is not a quick thing to do. And when I had to start cropping up multiple sets of Pokemon sprites, that number was easily increased. Up to now, I am the only developer working on this project and I do not receive any help from anyone. So it will take some time for me to self-cut any additional Pokemon sprite sets. As for the addition of additional coaching personnel, I apologize for the delay. It's not a tedious job and I'll get them added as soon as possible. Moreover, I encourage people to propose improvements to existing features. Kind Regards, Haku MAKE YOUR OWN TRAINER CARD HERE Thank you very much, I really like The Trainer Card! Player name: Zafyron, White Friend Code: 1721 - 6526 - 2990. If you want to trade, just let me know! UPDATE: Due to the popularity of my coach card manufacturer, the disk space of my site has been almost all used up. All cards have been deleted, although I have a backup of some of them. I'll be moving the site to a new server with plenty of disk space soon. There is a good chance some will be restored, but you can still recreate your card regardless. Everything you've been taught is based on theory and logic. Soon you will probably realize how meaningless they are in the world we live in. hey i want to add something, some pokemons heads are cutted by (arceus & giratina for axample) Proud and glorious so, standing in front of us our swords will shine in the sky!
