Knight of the wind lyrics

Pin Down Hey all, welcome to the biggest storm I know, you've waited too long And me, I'm going to be your shining star I'm here, here to conquer near and far * Like the sun, I ran into the heat of the day Like night, I fought until the fight was won In anger, I will save each and every, every and every and every one and every one , 'til this war is won** And I live to rule by the sword Cutting through every inch of strength in you As I sit, as I stand, by my desk commands my kingdom I am a knight of the wind Hey all, welcome to the end is near I know, I will bring you pain and fear On the ground to the sky Facing you and me In a moment I am gone , hold your crown high In anger, I will save each and every, each and every 'til this war is won** Repeat our castle is a great power A fortress of power My armor remains irreversible Through hourly battles (Guitar solo: Jun Senoue) * Repeat ** Repeat Lyrics submitted by Haragorn, edited by Ashram Add your mind In now to tell us what you think this song means.
