Nikon prostaff 3-9x40 matte nikoplex

© 1996-2014, Amazon.com, Inc. or its partners Precision, Precision, Durability, and Reliability are the right words to describe this Nikon 3-9x40 range. The model provides a 3 to 9x magnification that gives you a clear idea of the actual size of the intended object. This Nikon device is the right choice for serious shooters and hunters who can assess its optical quality and performance. The range weighs 13.7 ounces and is 12.3 inches. Maximum internal adjustment Max display field at 100yd. Effective objective diameter Maximum view field in 100yd. Thanks, we'll check it out. Product #: 579365 Manufacturer #: 6310 or 6322 UPC #: 018208063222 Videos (3) Dual connect Nikon ProStaff rifle ranges are the ideal choice for serious hunter. With multi-paneled lenses and 1/4 MOA press windage and height adjustments. ProStaff ranges are waterproof, fog-resistant, shockproof and covered under Nikon's full lifetime warranty. All Nikon products include Nikon USA's full or limited warranty. Nikon 3-9x40 Nikon PROSTAFF No Fault Warranty Nikon Ranges Note: Prices, specifications and availability are subject to change without notice. We reserve the right to correct typographical, photographic and/or descriptive errors. This product has been archived and the PROSTAFF line of guns will help you get on target and stay on target, in almost any condition. The entire PROSTAFF rifle series combines Nikon's fully multiple optical system, instant zero-reset turrets and spot shoes. Whether you're shooting with a rifle, shotgun or rimfire, you can rest easy knowing that Nikon will never cut corners on optics, roughness or precision. Matches the place in custom turrets. The BDC butler allows hunters to hold 'super-dead' in ranges exceeding those previously thought possible. The BDC's unique breaker ballistic circuits offer an incredible advantage for long-range shots - but allow for a normal visual image for shorter-term shots, with the crosshairs itself as the point of intent. Nikoplex is a traditional reticle flex. Multiple layers of anti-reflective coating maximize the gearbox, brightness and contrast of an extra-bright image. Built of aircraft-grade aluminum with a hard Surface III finish for maximum weight-force ratio and optimal roughness. Positive 1/4-inch pressing adjustment resets you faster and keeps you set even with heavy wire. The versatile magnification range offers the flexibility needed for any type of hunting mode, from heavy wood to open willow. O ring is sealed to prevent moisture from entering the body and nitrogen purified to absolute edict against thermal shock. Shockproof construction shrugs her shoulders through hard wire and rough use. Excludes products lost or stolen and intentionally incurred LCD images, video and photo tying are for illustration purposes only. For a complete list of technical specifications, see the product guide. Precise accessories, positive pressure 1/4-MOA reticle adjustments to get you zero quickly and maintain your setting, even with heavy shaking. PROSTAFF P3 also includes aluminum construction for improved durability. Turret hats, zoom ring and viewfind focus share an ergonomic knurling design.
