Lili Elbe, Elbe in 1926NéEinar Magnus Andreas Wegener (1882-12-28)28 December 1882Vejle, DenmarkDied13 September 1931 (1931-09-13) (aged 48)Dresden, GermanyNationalityDanishOther namesLili Ilse Elvenes (legal name)Conjoint(s)Gerda Wegener (m. 1904; ann. 1930) Lili Ilse Elvenes (December 28, 1882-September 13, 1931), better known as Lili Elbe, was a Danish painter and transgender woman, and among the first beneficiaries of sex reassignment surgery. [1] [2] She was a successful painter under her birth name Einar Magnus Andreas Wegener. After a transition in 1930, she changed her legal name to Lili Ilse Elvenes and stopped painting; [4] she later adopted the surname Elbe. She died of complications following a uterus transplant. [5] [6] The English American and British versions of his semi-autobiographical account were published posthumously in 1933 under the title *Man into Woman: An Authentic Record of a Change of Sex*. [8] [9] Early Life Is widely believed that Elba was born in 1882, in Vejle, Denmark. Her year of birth is sometimes indicated as 1886, which seems to be from a book about her that has some facts changed to protect the identity of those involved. The facts about the life of his wife Gerda Gottlieb suggest that the date of 1882 is correct because they were married while they were in college in 1904, when Elba would have been just eighteen if the date of 1886 were correct. [10] [11] It is speculated that Elbe was intersex.[12][13][14] although this was disputed. Some reports indicate that she already had rudimentary ovaries in her abdomen and that she may have Klinefelter syndrome. [2] [5] Marriage and modelling Gerda Gottlieb, 1904 Lili Elbe v. 1920 Poplars along the fjord hobro, 1908 - An example of Lili Elbe's work as a landscaper Elbe met Gerda Gottlieb while they were students at the Royal Danish Academy of Fine Arts in Copenhagen,[16] and they married in 1904 when Gottlieb was 19 and Elbe was 22. They worked as illustrators, elbe specializing in landscape painting while Gottlieb illustrated books and fashion magazines. They crossed Italy and France before settling in 1912 in Paris, where Elbe could live more openly as a woman by posing as Gottlieb's sister-in-law. Elbe received the Neuhausens Prize in 1907 and exhibited at the Kunsternes Efter-rsudstilling (the artists' autumn exhibition), the Vejle Art Museum in Denmark, where she remained represented, and at the Saloon and Salon d'Automne in Paris. Elbe began dressing in women's clothes after finding that she liked the stockings and heels she wore to replace Gottlieb's model, actress Anna Larssen, who on one occasion was delay for a session. Larssen suggested the name Lili, and in the 1920s, Elba regularly presented with this name as a woman, attend various festivities and entertain guests in her home. Gottlieb became famous for his paintings of haunting almond-shaped women, dressed in chic clothes. The model of these depictions of small femme fatales was Elba. [20] Elbe stopped painting after his transition. [4] [2] Surgeries and dissolution of the marriage Lili Elbe by Gerda Gottlieb in 1930, Elbe went to Germany for sexual reassignment surgery, which was very experimental at the time. A series of four operations were conducted over a two-year period. The first surgery, the removal of the testicles, was performed by Dr. Erwin Gohrbandt, under the supervision of sexologist Magnus Hirschfeld in Berlin. [22] The rest of his surgeries were performed by Kurt Warnekros, a physician at the Dresden Municipal Women's Clinic. [23] (The clinic was later destroyed with its recordings in Allied bombings.[24]) The second operation was to implant an ovary on its abdominal musculature, the third to remove the penis and scrotum. Lili Elbe by Gerda Gottlieb At that time, her case caused a sensation in Danish and German newspapers. A Danish court annuled the couple's marriage in October 1930.[26] and Elbe was able to legally change her gender and name, including receiving a passport under the name Lili Ilse Elvenes. She returned to Dresden and adopted the surname Elba to honor the Elbe that runs through the city. [27] [28] [29] She began a relationship with French art dealer Claude Lejeune, whom she wanted to marry and with whom she wanted to have children. In 1931, she underwent her fourth surgery, to transplant a uterus and build a vaginal canal. [6] [7] [30] [5] This made her the second transgender woman to undergo vaginoplasty surgery, a few weeks after Dr. Erwin Gohrbandt performed the experimental procedure on Dora Richter. Death Lili Elbe, 1930 Elbe's immune system rejects the transplanted uterus, and the operation and subsequent surgical revision caused infection, leading to her death from cardiac arrest on September 13, 1931, three months after the operation. [24] [5] [6] [7] [30] Elbe is buried at Trinitatisfriedhof (Trinity Cemetery) in Dresden. The tomb was levelled in the 1960s. In April 2016, a new headstone was inaugurated, funded by Focus Features, the production company of *The Danish Girl*. [32] [33] The headstone does not record the date of Elba's birth, just his name and the places of birth and death. In Popular Culture The LGBT film festival MIX Copenhagen awards four Lili awards named after Elbe. In 2000, David Ebershoff wrote *The Danish Girl*, a fictionalized account of Elbe's life. [35] It was an international bestseller and has been translated into a dozen languages. In 2015, it was in a film, also called *The Danish Girl*, produced by Gail Mutrux and Neil LaBute and starring Eddie Redmayne as Elbe. The film was well received at the Venice Film Festival in September 2015,[36] although it was criticized for its casting of an English cisgender English man play a Danish transgender woman. The novel and film omit subjects such as Gottlieb's sexuality, which is demonstrated by the subjects in his erotic drawings.[38] References - Hirschfeld, Magnus. *Chirurgische Eingriffe bei Anomalien des Sexuallebens: Therapie der Gegenwart*, p. 67, 451-455 - a b c Koymasky, Matt and Andrej (May 17, 2003). *Famous GLTB*: Lili Elbe. *HistoryVSHollywood.com*.
