Also, Y/M/P is the mortal parent, obviously. Words: 1,409 Warnings: Angst, but am I not good at people suffering that much that they are just sad? People lie when they say love is hard. Love is simple, it's chemistry and actions, words and love eyes; Love is action, so that's the easy part. What's hard and hard is the people. They lie and hurt when they're scared or don't feel confident. It's easy for people to just make others feel bad about themselves, and that's why you need to be very careful when choosing your friends, which is even more important if you decide to spend your life with someone. That's exactly why you chose Luke. Well, you didn't choose him, that's not how love works; It was more like you fell in love with her, and then you accepted it as a fact. Luke was a nice guy, and he was really close to you after all, so nothing stopped you from liking him. Sometimes when everyone's asleep and your mind is full of thoughts, the only thing that calms you down is thinking about the day you and Luke hooked up, one of your favorite memories... You've done sword training. It's been days, all because of the nightmares you were having: Y/N, you need to be careful Y/M/P voice whispered, trying to find the source, but everything was dark as you were locked in a room. someone betrays those you love, will try to convince you to join them, you can not let them winThe same thing happened for a few days, you could not make a good night's sleep, because now you were afraid of what you dream next, and it got you a little disappointed to think about the part of someone betrayed you exactly? There was no one in camp who could have done something like this, especially when Luke was always there for you. That cute and insensful boy. It's a little early for training, don't you think? You turned around with a smile, almost stabbing Luke with your sword: Hey, look where you're pointing! Sorry! Apologetic, yes, let's just say I'm about to cause any inconvenience. Luke frowned that you still have nightmares? Luke knew about the nightmares, of course, he was like your best friend, or at least the closest thing you'd ever do is trust him with your life, so why don't you tell him about some silly dreams? Yes, he sighed tiredly, dropped his sword, and sat on the ground I also thought that maybe not only dreams, maybe something more he skanched on the spot next to you, then waved him to sit, he did, smiling slightly. Is there any good reason to think it might be true? Not really, it's just... I have this feeling that it's getting bigger every passing night and I feel bad as I'm about to vomit anytime It didn't seem important at the time, but now that you're thinking about that distant morning you remember how tense Luke seemed every time he mentioned his nightmares. You know what? He stood up and offered his hand to stand up on Let me distract him and he got closer to him. How? you asked, tilting your head to the side. Let's go for a walk after dinner tonight, maybe it'll clear your mind a little bit, and hopefully you'll sleep better, his smile was honest, Luke cared deeply about you, he wanted you to feel safe. Are you asking me to... Luke? Uh, yes, I don't know, you can call it whatever you want. Luke's face turned red after his turbidity, which let out a little giggle. All right, then it's a date you're leaning in and kissing the heel of your lips, your shivering runs along your spine when you don't thank you for your supportWhen... You were nervous as hell y/G/P table that night, biting your nails and not touched the food at the slightest, you had to make all your siblings nervous too. Oh, my God, Y/N! one of your sisters. Are you going to stop? If you're stressing it out, you just got off the date. it's no big deal. I don't want to do this! Am I supposed to behave differently? I don't want things to get awkward. I just want to forget about my nightmares for a while... Then don't, Mike, one of the older brothers said: they act like it's a normal night- which is true, so I don't really know why he's behaving like crazy- relax, and he'll be overin order you took a deep breath, get up from the place I can't eat, I'll go back to the cabin so I can grab a coat before Luke's ready for his food Okay, Mike mumbled, his eyes were already on the plate again. Feeling the need to see every time in the world that cabin you went slowly, feeling the cold breeze of your hair, and the faint smell of the sea and strawberries; He entered his cabin, and two minutes later, someone knocked on the door. Comes! he grabbed his favorite sweater and quickly walked up to the door. When he opened it, a smile appeared on his face. Luke, I thought you were still having dinner. Of course, he behaved strangely, in a good way, joking, and holding me close to him, flirting shamelessly. Surprisingly, you were happy with what you were supposed to do. I have to ask, you suddenly interrupted to look at him: Why now? Why now? He asked, confused. We haven't seen each other in years, why are you asking me out? He seemed to be defeated, something bothered him, and you wanted to know what it was. Those nightmares you have... Makes me think we're going to have less time than expected. All my life, I've been protecting the people I love, Annie, Thalia... But I couldn't protect them as I wanted, especially Thalia Sighed, holding the other hand of hers, I care about you a lot, if I knew the nightmares would disappear I would do it without thinking twice, but no matter how much I did, the gods always find a way to make us miserableNe talk so tried to cheer him up not all bad, yes I have a shitty fate to be half-breeds, some of us are meant to live like this, but we have each other to be enoughAnything I have the optimism He giggles bitterly it's ok, Y/N, I learned to live with him Not about giving up About seeing the good part of life, even if you're little In Order, you win By raising your hand in defeat, laughing: You're always right, you know, of course you're grinning, you're going to start walking again when Luke spoke once more. You're also right that we're together, Luke's closer to you, but you're wrong about one thing... it's not just enough, that's all I ever wanted, pretty sure that's all I ever need, Gods, that sounded cheesy you joked about and tried to hide how much your words affected you Shut up Y/N, I'm trying not to faint at the boy laughing. Now I'll be quiet, I promise whispered, struggling with the need to smile like an idiot said?. I said, You're the coolest girl in the world, and I really like you. Is this some kind of joke?. I swear, if-You don't keep your ass and say you like it back? Luke interrupted him. Which? I can't do both, you're just making fun of me. He shook his head, bent over and kissed me with love. And that's all it took. You spent the happiest year of your life laughing, training, and loving each other, thinking it was going to last forever. Until Percy Jackson came to camp. I EDITED THIS SHIT four times BC KEPT ERASING THE LAST PART WTFhope lists, it's be more parts so be ready.-Danny :D See more posts like this from Tumblr #luke x reader #pjo #danny writing, #pjo imagine A/N: What about IM BACK TO MY SADDEST SERIES-I've been thinking about this thing for a while and I think there aren't four parts causing well, I don't know anxiety lolWarnings: Anxiety and language (??) Word: 762First part. I'm Percy Jackson. He was the end of life, just like you knew. As Poseidon's son, the child had a great responsibility to attend, and he had no idea how, if he was completely honest, he felt sorry for her. Luke seemed tense, too, though you had the feeling that percy wasn't the only one who upset him so much. He had a dark expression when no one was looking, no one but you. The last day of summer arrived and there was excitement in the air, with the kids packing things into a less bright attitude than when they arrived, they said goodbye to siblings to leave and a few other friends. It's weird, but Luke wasn't there to say good-bye to them like he used to. You decided to take a walk around the camp and watch friends running around, some happy and sad as you walk along the edge of the forest, a familiar face came into the picture. Hello, Luke. What a mat-Y/N Looked at you with a serious glamour in your eyes, I can't explain why, but you have to promise me somethingRead your A/N: It brings back some memories, I remember I wanted this one so bad for reading pansexual and I know it's short, but I did it fondly I just found out I've posted another version of this request, so is it like a nice extra?? Lmao am messRequest: Frank x pan/reader where he is afraid that the reader can leave him someone better, but the reader than what? Nononono I would never do that Words: 455Warning: nothiing except that this thing was not reviewed, so probably tons of errors, sorry. It wasn't weird that moments of complete silence while spending time with his friend, Frank enjoyed the feeling of skin and hair against perfume, and knowing that he wasn't really a social, chatty guy, it's ok to just sit around and share his free time together. Y/N... Frank mumbled after 15 minutes of complete silence. You looked him right in the eye, waiting for him to go on. I... Can I ask you a question? Sure, go ahead, you smiled. Well, it's probably stupid, He hesitated, looking at your hand, I don't want you to feel guilty or anything, it's just a silly concern, but-Frank, you confused you're giggling, just say I... Ever since you told me about your sexuality, I've been worried... That I might not be enough for you, he concluded, a voice of concern. What do you think it is? Frank, what made you think that about Has? You told Frank you were pansexual the week before you started dating to clear things up and start a relationship without secrets, but most importantly, you wanted him to know that you trusted him to be an important part of your life. He took it pretty well, you could tell he was surprised, judging by the way he stuttered afterwards, but he never interred, so he assumed he took it all in and didn't mind, he was relieved. Although now that you're hearing that, you weren't so sure. There are so many people out there Y/N. Cooler than me, smarter, talented... And I'm just... I'm the only one you could see that you were deeply affected by this realization that it broke you. Frank, that's exactly why I'm with you, the fact that you're my own person laughing, you're really something. But anyone can go through the door to camp, and they all have the same chance of falling in love, and I don't think I can compete with this Race? I'm a man who's been in love with you since the first time I saw you, and I don't think anyone can make me think I feel that way, I would never let you do that.

You mean? His eyes shone brightly against the sunlight, a sight you found hypnotic. I am. I love you. That's the first time you've said that. Frank smiled, seemed calm, you and you. to be looking at it, the certainty you've shown. I love you, too Y/N. Two guys in less than a week? Mi???? You must have a spell under a different name I don't want to write that mf essay for college, my friends. I hope you like it. His thoughts and comments were well received by :)-Danny :D A/N: And the winner is here! I hope you guys like this cause well, you asked me to lol, either way, I missed Leo so I'm happy to write to him again <3Words: 5301 is the record for me guys. Request: A leo x reader where they hate each other, but they have to go on a quest together and end up in love. ldk if that makes sense. Darling, sweetheart, I have a lot more than you asked for, but I hope you like anyway xd Warnings: idk, it's weird it's not proofread, so prob already tons of errors, you've been warned. You're usually not chosen to do missions, the idea that it was almost impossible for you, your God-fearing parents didn't see you as a particularly strong man, so they never asked us to do anything until now. Unfortunately, the odds weren't in your heart, because the only person who could go with you was the great Leo Valdez. That asshole. Granted, it wasn't a complete waste of space, but spending time with him was torture for you, with his stupid jokes and his woman-to-man attitude, it was an intolerable company, and certainly the last person to hesitate on a mission. Leo didn't seem satisfied either, only because he agreed to leave because Chiron asked him after the whole Calypso problem, and the fact that their relationship didn't really go to plan with Leo changed a bit, he was in a bad mood almost the whole time and isolated himself even more than before, it was clear that his friends were worried about him and wanted to help him move on from heartbreak, although he would rather not be a part of it. No matter how hard you tried to avoid your fate, by the end of the week, you two were pushing me towards the (most likely) terrible mission. So... Leo started after 10 awkward minutes of silence, first mission, huh?. Yes. Are you scared? It's no big deal, it's not even an important mission. yes, but you spent most of your childhood in camp, and it has to be a little scary. What do you think I am? Are you twitched by some kitten who doesn't know the way around? I fought two wars, man, I know what's going on outside my home. All right, Leo raised his hand to surrender, coping with the expression, I just said. Then don't tell me your voice was soft and angry, Leo noticed that, and of course, he had to press the buttons. I don't understand why you hate me so much, I literally never talk to you, I've been talking for, like, five seconds and you're on the verge of stabbing me I think you just have a remarkable talent to piss me off Or maybe you do He had a crush on me. What is that? You stopped and looked at him in disbelief. They say love and hate are very similar things, maybe you're just confused because my looks are too much for you to handle Leo giggling. Oh, fuck, for some reason, you're blushing that you're so dedicated to acceptance that you're literally throwing the bone at anyone, huh? Leo seemed caught off guard on the last comment, not talking the rest of the afternoon (not that he complained), but maybe, maybe, he went too far with the joke. Keep reading A/N: Three guys in a row, guys I deserved some credit for. I admit I don't check twice and they're all bullshit, but hey, I'm productive here, please give me your love. Request: Can you do Annabethxfemale reader who is a Hades child? The Argo, if tysmWords: 665Attention: Nothing except my terrible habit of not double checking writing, so it can be full of mistakes bye-It was hard for Y/N not to feel completely out of place to ship, leaving many powerful half-gods with lovable personalities, smart, strong, attractive. And then there she was, Hades' daughter, which had the opportunity to continue this mission as a technical support and backup, hell, even her little sister had a chance to be one of seven. Hades Kids had a reputation for being a little emotional, especially Nico and Y/N, who were loving who they loved to love. His favorite moments in that place were always at night, the sky as his only companionship, and sometimes he even allowed himself to visit Leo at the check-up, he knew he was having problems, but as a half-god he wasn't surprised. Maybe that night was like that, he didn't want to be alone. Are you all right there? Y/N turned around and saw his girlfriend smiling at him, although it was a nice sight, his stomach spinning with concern. Hey, Ann mumbled. Well, that doesn't answer my question at all, Annabeth approached slowly, do you want to talk about it?. It's stupid, you'll be nervous when I say: I'll be nervous too, if there wasn't a moment of silence before Annabeth reached the Y/N seat, held her hand tight, remained quiet, knew well enough not to rush her to talk her secrets, had time. Five minutes later, Y/N put his head on Annie's shoulder and whispered, Why am I so worthless? Annabeth didn't talk. Everyone has a great destiny to fulfill this war, Y / N began, the prophecy with their name on it, godly parents appear in their dreams and deep, emotional conversations with them about the future, and all have a little sword and some ability, so I can talk to my dead motherY / N ... I'm ready to be part of something bigger, Annabeth, why can't I? Why don't you Do I have to be my sister? No, I don't... If he dies, I don't think I'll be able to handle Y/N, you're as much a part of it as everyone else, said the girl, I know the fact that Hades has not spoken to you in a while drives me crazy, I know how much you want to trade Hazel's fate with yours, but there's a reason you're still here, there's got to be something you have to do in the future!d think that no matter how much you think she laughed bitterly, but the truth is, I'm not good enough to be as creepy as Nico, I'm not a threat to monsters or giants, you're as capable as anyone, a great fighter, and even more so a wonderful girlfriend... That's why I love you, he gently pressed his hand: Why would you want to be part of something as terrifying as a prophecy? You've seen the things we have to go through when we're fighting their battles, most of us never come back the way we were before, if we get over survival at all. It's not a gift Y/N, it's a burden we're forced to carry Y/N blinking in surprise, it was the first time we had listened to Annabeth's rant like that about the situation about herself. I'm sorry, I didn't want to worry about being excused Nothing wrong, I think I had to hear this from you, Y/N said, you're the only one who can help me get my shit together withAnnabeth laughing, the voice of a tune that's about to be Y/N's favorite from this world and the next. yes, I think you're right about that. I think that's why I love you Instead of replying with the usual plain comment, Annabeth closed the gap between them with the most tame kisses. Hey, did you actually like the way this little fluff went? What about you? Tell me what you think, please. &t;3-Danny :D A/N: Y'all this last request was in line IM so proud of myself, I hope you like it, I made it very sad. - Danny c: Words: 1,755 Warnings: none, in addition to bad writing lolRequest: Let me ask for a Piper x Male!reader - probably the last war where the reader clings to his dear life, and Piper now clings to it- trying to charm talk to him that keeps going because battle is going on, but forced to leave them to keep fighting and someone else to get him to handle. And with the severe head trauma, his memory was blurred, and he doesn't remember Piper. I am sorry... Piper never thought this would happen, somewhere in her, even if it was silly, expecting her mother to make an exception, after what she did for her, they just lived happily ever after. But he wasn't there. Y/N was the best. She was cute, smart, pretty... How did this happen to him? It wasn't his fault, everyone was suffering, people were losing more than they could bear after the war, that they thought he was too naïve to be in pain. He Hurting in the final minutes, Piper found him on the side, blood coming out of excessive amounts in his head, he got scared, struggled to keep him standing, and Please, he mumbled his ears, please don't close his eyes! worked once with Jason, I had to work at Y/N, there was no other option. He looked up to his left, where this strange warm feeling was still present and saw his hands pressed directly next to his hair. Percy appeared to have fallen asleep while playing with her locks, as she used to do when she was nervous, now her head awkwardly supported by the edge of the headrest, with a small droll on the heels of her lips. Was that real life? Not remembering the last thing he did before he woke up, they were in battle? His hands gently wandered through his body in search of cuts or abrasions.
