INDICATOR TONES AUDIO INDICATORS FOR PROGRAMMABLE BUTTONS High oblique tone Low oblique tone Some programmable buttons use tones to indicate one of two modes: Self Test Pass Tone positive negative indicator button Self Test Fail Summary of content on page No. 18 02_Overview.fm Page 16 Monday, November 17, 2003 13:56 PM Improved audio features Companding Companding is a feature that allows further improvement of voice quality. It compresses your voice during transmission and extends it when receiving, while reducing external noise. However, in order to benefit from this advantage, all broadcasting and receiving radios must have this feature enabled. 16 ENGLISH RADIO OVERVIEW Summary of content on page 19 WE START 03_GetStarted.fm Page 17 Monday 17. If the battery is new or its charge level is very low 3 Put the charging adapter low, you will need to charge it before the accessory connector. Use. When the battery level is low and the radio is in transfer mode you will see led 4 content summary on page 20 03_GetStarted.fm Page 18 Monday, November 17, 2003 13:56 PM DESKTOP CHARGER LED Color Status † Flashing green battery 90% (or more) Fast charger charged. Trickle charging. The green battery is fully charged. 1 Turn off the radio. * Remove the battery from the charger and 2 Insert the battery with or without the radio, use the pencil eraser to clean the three metal pockets of the charger. contacts on the back of the battery. Put the battery back in the charger. If the LED is led i
