We don't know about you, but there hasn't been a day in our lives that wouldn't have been made at least a little better with a chocolate bar. There is a bar for every occasion, but everyone brings something different to the table. Just like people, each bar has its own quirks and features that set it apart. With that in mind, which chocolate bar best suits your personality? For example, we think the kind of person who relates to a Cold bar would be a bit different from someone who feels more affiliated with a Dark Milk than Cadbury. Take the test below to find out which chocolate bar fits your personality? We'll ask questions about everything from your choice of TV shows to how tidy your home is, so be honest! There's a Cadbury chocolate bar out there for almost any personality. If you want to try something new, the brand new Boost Protein + Peanut can be found on shelves nationwide now. Get one today!
