Cameron county parks open

BROWNSVILLE - An announcement of the reopening of Cameron County's parks and beaches was made official Friday. During a press conference, County Judge Eddie Trevino Jr. said his decision comes after Governor Greg Abbott announced Wednesday that state beaches will open. However, restrictions will apply. Face coverings should be worn at all times, even on a boat, except while swimming in the waters. The county judge stressed that visitors to the park and beach need to be aware and properly dispose of masks, gloves or closures should be implemented again. Trevino said restrictions on the number of passengers in a vehicle will be relaxed. All occupants of a vehicle of more than one person must wear a face covering. The county judge strongly recommends anyone under the age of 14 not to travel to the supermarket. All trips must remain essential. Trevino also addressed the restrictions lifted on church services. He stressed that if places of worship have no way to perform services remotely, they will be allowed to conduct in-person meetings of no more than 10 people. He suggested those churches consider conducting more services in one day. The county judge reminds residents that the hospitalization order remains in effect until May 4. The amended restrictions take effect at 12.m Saturday, April 25. Read the complete modified order that lifts some restrictions here. On Sunday morning, Cameron County Judge Eddie Treviño Jr. ordered the opening of the following county beach access areas: County Beach Access #3 County Beach Access #4 County Beach Access #5 County Beach Access #6 County B including Isla Blanca Park and Andy Bowie County Park on South Padre Island, remained open. Cameron County Judge Eddie Treviño Jr. ordered the closure of county parks and beach access areas until 12:01.m on July 13. The Department of Health and Human Services reported 2,183 cases in Cameron County has reported 3,294 cases of the virus and is among the top 10 affected counties in Texas.La park closures does not affect parks and beach access that are privately owned and operated. However, Treviño's order strongly suggests that all similar events, public or private, should be canceled or suspended for the same period. At this time and on the basis of the best and most up-to-date health and scientific information, I strongly recommend and ask that our local business leaders exercise their best judgment over their individual businesses, initiatives and events, the Treviño letter reads.
