Excel templates. These templates are built into text. The difference between L&P is that EXCEL templates are partly structured to focus on learning about management science, rather than excel streamined coverage 3. The larger volume and choice of the end of the chapter problems in the CD text includes Crystal Ball, Tree Plan and Expand Simulation Chapter expanded and improved Extra Emphasis on Modeling and Analysis instead of plug and chug solution problems. For each concept, the authors build the model first, then solve spreadsheets. Unique emphasis on interpreting and transmitting results to management. Teaches the relevance of management science in business decisions. Superior end chapter problems - complex, relevant, diverse. Non-common examples of the text reinforce the definitions of the chapter. A wider range of topics, including quality management and Markov processes as optional chapters for accompanying CDs. Cd.
