Blues for alice lead sheet

Cette crony est en anglais car bruno l'a faite guitar channel pour. Elle est oci à flair tell quel des backsteers francophone. Blues for Alice is a great Charlie Parker tune. It's a 12 times blues, but it walks through a lot of ii-V scenes. That modified version of the Blues is commonly referred to as bird blues change. The blues (part 1/6) lead sheet for Alice shows the fingers I use. Keep in mind that they are only suggestions. Feel free to experiment with your fingers. As I mentioned in the video, it seems logical to move down the neck trying to adjust for gradual significant changes rather than playing everything in the same situation - at least for the first 4 measures. The number of orbiting refers to string numbers, non-orbiting numbers are the fingers of your left hand. The Blues for Alice's transformation are also referred to as backdoor blues changes. While the most depressed head moves from F to Bb7, from I7 to IV7 melody, Alice goes through the blues backdoor, down to Em7b5 (in an II-7b5-V7-I relative minor, D Minor). This tune is more difficult to improve than the average blues tune. The changes contain harmonic nuances, and you want to build lines that highlight the harmonic movement of melodies. You should not navigate them directly with major and minor pentatonics. Here's a single The caller is an etide that navigates Bebop views, highlighting the 3rds and 7ths of each melody.
