The trial takes place in StoneyerHold 2 up to Skyhold. Judgment options pass the results changes without treatment for a N/EScale week to bear an unflattering report over their performance every day for a N/NA week, though Svarah Sun Hair after hearing the judgment announcing his trial punished enough N/NA, though Svarah Sun Hair of Inquisitor's kindness confirmed oh. Hiring as agent N/Relaxation (only Mage) N/A this option has been queer as Svarah Sun Hair will immediately rule out a penalty. Non-judgments[edit | edit source] The Inquisitor will preside over these events like they would a judgment, but they are technically not judgments. Promoting Ser Delrin Barris[Edit | Edit Source] Completes operation war table reviews of the man accused of being hated to allow you to promote Ser Barris to rank knight commander of the Templar order. He earns his promotion after rescuing Val Colin from the Vinatori invasion, breaking the siege of demons in Ansburg, and stopping a mob from attacking a mig without raising his sword. It will only be available if you finished heroes just by making your all Templars, and only doubt if Sir Barris survives the attack on Therinfal. It will not be available if you are a Templar frontman, or if Barris' head dies in Therinfal. Likewise, it won't be available if you're perfect in Hushed Whispers, regardless of your decision to mages your accomplices or frontman them at Redcliffe Castle.
