## Sylveon pokemon sword how to evolve

Eevee can evolve in many ways. This guide explains How To Evolve Eevee Into Sylveon In Pokemon Sword & Shield, as it is one of the game's most complicated developments, requiring a certain level of friendship and a specific moveset before it can evolve. Eevee has most of the evolutions of any Pokemon, but some of them require more than just evolution stones (such as Umbreon and Espeon). Before trying to evolve Eevee to Sylveon, it's a good idea to save the game. It may be possible to meet multiple conditions for different evolutions, so it is best to play it safe. Where to Find the Bell From Soothe In Pokemon Sword & Shield First, you need a level of friendship from good friends. You can check your level of friendship with a boy in a house in Hammerlocke. If he says you're good friends, you already have a lot of friendship. If it's less than that, you'll need to increase your friendship with Eevee. Once you have friendship enough, I've had my Eevee at level 32, but it may be available at a lower level. You also need to have a fairy move in Eevee. Eevee learns Baby-Doll Eyes alone so you can go to the Poke Center and remember that move if you've forgotten. In short: mine was level 30+ but it's probably available lower Be very good friends with Eevee Have a fairy move in Eevee I camped at least twice with my Eevee Which should be enough information to evolve your Eevee to Sylveon. Pokemon Sword & Shield Guides Posted on November 16, 2019 by Blaine Smithin Game Guides, Pokemon Sword and Shield Guides Where To Find Falinks In Pokemon Sword & ShieldFalinks is a new Pokemon in Generation VIII. This guide will tell you where to find falinks in Pokemon Sword & Shield as, although it's not a rare Pokemon, you can only find it in a particular place in Posted 14 , 2019 by Blaine Smithin Game Guides, Pokemon Sword and Shield Guides Where To Find Snorlax In Pokemon Sword & ShieldThe legendary king of sleep, Snorlax, returns in Sword & Shield. This guide tells you where to find the bell in Pokemon Sword & Shield as it is a vital part of the evolution of certain Pokemon such as Posted November 15, 2019 by Johnny Hurricanein Game Guides, Pokemon Sword and Shield Guides How to Upgrade The Bike In Pokemon Sword & ShieldThe Rotom Bike can be upgraded to allow you to walk on water in Pokemon Sword & Shield. Check out this guide to learn how to upgrade the bike in Pokemon Sword & Shield. You can access new areas with Tags: Game Guides, Nintendo Switch Guides See how how Sword and Shield players who want to evolve Eevee in Espeon or Umbreon can prevent you from evolving into a Sylveon. It's been over a week since Pokemon Sword and Shield were released for the Nintendo Switch, and the games have been quite successful in terms of review results; however, some players have been reviewed for bombarded games on Metacritic due to certain controversies surrounding the titles. Regardless of the controversies, Pokemon Sword and Shield have performed extremely well, and have already broken sales records in the US and Japan. Players who are already enjoying the latest Pokemon games should already be familiar with certain changes in their favorite Pokemon and their evolutions. One of these Pokemon is Eevee, which comes with the most unique evolutions of all time. Eevee can evolve into a different group of Pokemon, with each having a unique type and abilities. Most eevee evolutions are simple to trigger, just use an elementary stone like Firestone or IceStone to evolve it into a similar type Pokemon like the stone used; however, three of Eevee's evolutions require players to be good friends with Pokemon. Umbreon, Espeon and Sylveon require players to have a high level of friendship with their Eevee before evolving it into any of these Pokemon. Espeon requires players to have a high level of friendship with Eevee and evolve during the day to get a Espeon, while Umbreon, on the other hand, requires players to have a high level of friendship as well, but needs to be evolved overnight. Sylveon, however, doesn't care about the day/night cycle, but players will still need a

high level of friendship. To evolve Eevee to Sylveon, players need their Eevee to meet a Fairy-like move while having a high level of friendship with the coach. How to prevent eevee from evolving to Sylveon
Players who want to evolve their Eevee into a Umbreon or Espeon have to be extra careful, because if your Eevee already knows a Fairy type move, then it will evolve into a Sylveon regardless of day or night. To prevent Eevee from evolving to Sylveon, trainers need to replace the Fairy movement with any other move. Baby-doll Eyes is a common Fairy type move that Eevee learns, so all trainers have to do is replace this move with any other move, and they will be able to prevent Eevee from evolving to Sylveon completely. Trainers who want to evolve their Eevees into one of their elementary forms like Flareon or Vaporeon will need to find their evolution stones. Pokemon Sword and Shield are available exclusively on Nintendo Switch. MORE: How to reset eVs in Pokemon Sword and Shield

If you're enjoying Pokemon Sword and Shield and you fancy yourself a one so you probably won't want to be jumping the Eeveelutions so you can get your paws in this generation. However, just picking up an Eevee is the tip of the iceberg - anyone can use elemental stones to get to their previous generation choice eeveelution, but it won't be so easy for some of the other variations. Here's our guide on how to get Sylveon into Pokemon Sword and Shield. The advantage of getting a Sylveon in Pokemon Sword and Shield is that they seem to have made a process much easier than previous iterations. One of the main criteria for getting Sylveon here in Galar is to ensure that your friendship with Eevee is irreprensible. However, we may be getting ahead of ourselves here if you don't already have an Eevee. You can find these creatures on Route 4, so keep hunting there until you've caught one. If you were a Pokemon Let's Go Eevee player, we regret to inform you that your lovely Gigantamax version does not evolve, so you will have to get one independently. Once you have your Eevee, it's time to turn it into a Sylveon. For this, you need to make sure that he has the following requirements met: His friendship with him is in three hearts He knows a Fairy type move You level it while both of the above requirements are marked for those who are not sure how to get their gloves in a Fairy type move as well, Eevee really picks one naturally. It's called Baby-Doll Eyes, but if you didn't know you'd need it at this stage, you can relearn it thanks to the useful Pokemon Center schemes that now offer this service. As long as you have this movie and the right level of friendship, go hit a Wilderness to an easy level and get the Sylveon of your dreams. Now that you know how to get Sylveon in Pokemon Sword and Shield, you should be able to get a whole damn team of Eeveelutions if you are sufficiently dedicated. Is there anything else you need in Galar? Check out these other tips and tricks:
Pokemon Sword and Shield Sylveon is an interlaced fairy-type Pokémon, which makes it weak against Poison, Steel-type moves. You can find and catch Sylveon on Route 4 with a 1% chance of appearing all the time weather. Sylveon's maximum iv stats are 95 HP, 65 Attack, 110 SP Attack, 65 Defense, 130 SP Defense, and 60 Speed.Sylveon Galar Pokedex ID: 204Intertwining PokémonCategory2 Sp.
