[Total: 0 Average: 0] FacebookTwitterWhatsappPrintMail The Westfield Mall in Palm Desert is open to shops again. It is closed for 2 months due to the pandemic. News Channel3's Dani Romero has more on how shoppers react. Yaya! We're so happy. It's time, so we're going to go shopping a little bit, a lunch, said Judy Moore, a shopper. It's a girls' day. The Westfield Mall in Palm Desert is back and ready to welcome your customers back. I'm thrilled I was really happy when they first opened and I was devastated when they kind of closed back down because it's a way to get out to do stuff, said Raquel Carrillo, a buyer. So much of the shopping could be the same from the last time it was open two months ago, but things have changed. Now the shopping center can only have 25 percent capacity. I think it's getting better and better, 25 percent capacity at the moment, I think is good, Moore said. It's a start and we're just building from there. And not every store was open. Sparse. Hardly anyone is there, super quiet some stores open, some stores may not have changed yet, said Jamie Fitzgerald. There are signs on the doors, but they are not specific that they are open. A buyer on alert this time around. I don't want to be hesitant but cautious about everything, so I'll go in carefully and see what happens, Carrillo said. Westfield Mall officials have not agreed to allow our camera inside, but on their website they say they are taking precautions to ensure the safety of shoppers. In their video you can see a cleaning team following a disinfection routine. They have cleaners on the escalators, wiping things off when I first came in and then when I went back they cleaned, Fitzgerald said. Customers also see foot marks on the sidewalk that show buyers where to wait. They have masks available, disinfectants throughout the mall, Fitzgerald said. There is plenty of room for people to walk around and move. These companies, we need to keep them open, close too many it's sad, so I'm very happy that they have a chance to make some money, said Sharon Donato, a buyer. Riverside County Malls, hairdressers and hair salons were allowed to reopen their doors for indoor use this week under new state coronavirus guidelines. Most retailers, along with small businesses, can remain open under the new guidelines, which limit the number of people indoors to 25 percent capacity at once.
