Gw2 trek dully

GW2 Guild Guild Mission Guide with detailed maps and screenshots. Special thanks to the members of the Immortals who were awakened at Yak's Bend for their help in creating this guide. Navigation General Information Known locations Unknown locations General information Guild Trek can only be investigated if you have opened Guild Bounties and have 30 guilds due. It requires Economy 6 and 50k influence to launch an investigation (1 week). Speeding it up with a 25% discount costs 125,000 effects, so if you have a 50k+4x 125k = 550k effect and adequate Guild Merits, you can get Guild Treks right away. Guild Treks has 3 levels. Levels 1, 2 and 3 allow you to get 5, 7 and 10 Guild earnings per week. Keep in mind that guild earnings obtained through levels are not additive. For example, if you make a Tier 1 Guild Trek and then a Level 2, you'll only get a total of 7 guilds instead of 5+7. The weekly reset will take place on Saturday at 7pm EST (i.e. saturday daily reset time). Guild Treks doesn't award guild honors. On April 30, 2013 Guild Treks will also award 400, 500 and 700 impacts for Tier 1, 2 and 3 Guild Treks on April 30, 2013. The time limit for all Guild Trek missions is 20 minutes. There are more locations at the upper levels of Guild Trek's missions. Location levels # locations 1 5 2 10 3 20 Guild Trek has approximately 180 guild trek locations, and the location given on each Guild Trek is randomized. To see which Guild Trek locations are set up and the remaining time, go to the Guild Missions window. Hovering over each Guild Trek location gives you a small idea of the location. You need to use this image and the name of the trek location as a clue to find the right place in the game. When you find the location, you need to look for a gold circle with a hat on it. This gold circle must be activated by pressing F to complete the position. These circles are usually close to the location indicated by the image, but some are hidden and require little search. Note that this circle appears only when Guild Trek is active. What can I do for you? Due to the numerous places on the Guild Trek mission, it takes at least a couple of days to enumerate all places. If you see a location that is not on the List of Known Locations, send a screenshot with a gold circle visible and a minima visible. This allows you to track the location and provide other screenshots as needed. There are currently 186/186 locations known. Attendees The following players have helped draft this guide - thank you!
