Sign up' button, a 'A server error has occurred!' the message pops up. And since yesterday when I first click on sign up on the homepage, it already shows me the error message. I habe tried from several computers and ISP and also using many different browsers and the outcome never changes. Googled the problem too, but it looks like it's just me. Does anyone have a clue what's going on? TY all. Finally gave up. I have found it to be relatively acceptable for a free IMAP account. I haven't had any access issues with either Access or Speed. Although I remember that there were many complaints similar to yours when gmx.com began public access. It may be worth another try. Just a thought. 27 Jan 2015, 23:15 #7 The email Join Date: December 2004 Location: an almost impossible but finally unlikely position Post: 2286 Quote: Originally Posted by nbarr I've found it to relatively acceptable for a free IMAP account.
