Rated 4.28 out of 5 star Positive Reviews 5 star Reviews Almost Helped Not know why I waited so long to try this. I have a thick dry color treated frizzy hair. This amazing smell does some serious moisturizer to my hair like no other product before. Especially when I was a holiday in my OH WORD conditioner it was like a magic hair crack. All the other products I use for conditioner or leave my hair leaves feel good but when it dries my hair feels dry and madness and no moisture to it. With both hair I feel soft, nourished, hydrated, my curse looks better they have more life to them, and my hair smells great even though my husband loves the way it smells. The Most Useful Critical Review bought this to try at my 4-year-old curly, kinky, thick hair. I've been wanting to try it out for years on her hair, but don't want to order it online because I'm not sure how far it will work so I can easily reinstate it. The product works okay not great for wavy curly hair or loose is bad at all for curls, tight curls. I expect his softening to be nourished and well moisturized, but no I think it looks a little dry; it's like the conditioner doesn't penetrate her hair like this. I never had my hair feeling so sticky and it was meSS that was far for a FEW days after using. Finally, a good product!Lys from FloridaNew to Ouidad after using devacurls for 2 years. I use oil cleansing shampoo with this conditioner and smell of my hair, feels, and looks great. Will buy from now on. Good but expensive4Alejandra from ColoradoI haven't been able to find a better product that doesn't run down my hair but still keeps it damp. I think it's expensive but because it works I use it just hopes it has more moisture property. A great conditioner from CaliforniaHave uses this conditioner for about a month now and I have to say I love it. I finally found something that works for my hair. It was moisturizing my knees and I inaugurated less fry in my hair. My only issue with it is that it is a priority, so I'm not sure I'll rebuild; However, I highly recommend. It left my tightness soft and lacking madness. It helps with a lot of hydration! Contains silicon! Not good for curls!Ella from San Diego, CA8bought this thought of having good ingredients, and I use it. After my usual hair routine, my hair is dry and very disappointed. Switch to Devacurl, but I've been using Shea Moisture for years without problems. My hair is thick, and probably around 3c. Really Awful!Deejay from BostonI uses this today for the first time. Compared to shampoo. I have used salon products all my adult life and this is the worst! My hair was completely deprived after one use. It will return tomorrow. Keep yourself damaged and worsen, don't buy this! Amazing!5Chelsea from Pomona, CAI this changed to use Ouidad. I have hair that isn't really curly/wavy. I classified it as 2C. After just 1 week my weans were more defined and reduced frizz. I also changed how I combined my hair with a spacious tooth bed in the shower. And I no longer use my Turbie Towel by turning it over, I just ring hair to help keep the curls. So I know it's not just shampoos that help my curls. I have tried this method in the past with other shampoos/conditioners and nothing my hair as defined and less frizz as this product. I highly recommend this shampoo/conditioner. Along with a wide tooth comb and hair-ringing don't twist it. Curls love!5Susanhdez of PortlandLove ☺ my curves are more beautiful, gentle. I have to use additional holiday performers to make a difference. Hydrated, Beautiful Curls5KSB from Humid FloridaBlown is far away with my glue condition after just a few days. Not dry or make it frozen. A little expensive though. But still love it. ... Great product! One of my faves!5JLamb from Lynn Haven, FLI loves this shampoo & conditioner from Ouidad! I've been using it for almost 4 years. I change it occasionally with Life Evidence or Redken, etc., but this is my go for the one I use most often! It worked very well for my hair – it gave more defined gildelity & bounced with little to not fry! I could dry or light air blowing dry with dishes & turned out to be beautiful! I usually use a little cream of the tightness or leave in the firecrack, too. I highly recommend this line of products – especially this shampoo/cond!! Everyone's hair is unique, but after trying a lot of products over the years I have to say this is really a winner for me. Love the smell too! Please do not change this formula of Ouidad!
