Cat #GH1000Form. 1005667-00 REV. 1 Nov. 2007Copyright © 2007 Black & Decker Trimmer in China Warning: Important safety warnings and instructions to reduce the risk of injury: • Before any use, be sure anyone who uses this tool reads and understands alt safety instructions and other information involved in this guide. • Save these instructions and check frequently before use and instruct others. (100 warranty.z .00 a.m.: When using electrical landscaping regulations, basic precautions must be taken to reduce the risk of fire. Electric shock and personal injury, including follow-up: z _WARNING:Dust created by this product contains chemicals known to the state of California to cause cancer, birth defects or other reproductive damage. Wear approved safety z _WARNING such as dust masks specifically designed to filter _CAUTION microscopic particles. Noise from this product may contribute to hearing toss. Read and understand all instructions before use. Road lines safety - It is important for you to read and understand this guide the information it contains relates to protecting your SAFETY and preventing problems. The following icons are used to help you identify this information,Danger: Indicates a dangerous situation soon which, if not avoided, result of death or serious injury. Warning: Indicates a potentially dangerous situation that, if not prevented, could result in death or serious injury. CAUTION: Indicates a potentially dangerous situation that, if not prevented, can cause a minor or moderate injury. CAUTION: Used without a safety alert clone indicates a potentially dangerous situation that, if not prevented, could cause property damage. z _GENERALSAFETY and instructions for economists • Always protecting people's wear - wear safety glasses or goggles at times when this TOOL is connected to a connection. • GUARD- Do not use this rod without a connected shield. • Dress properly - do not wear loose clothing or jewelry. They could get caught in the aisles. Rubber gloves and significant rubber sole footwear are recommended when working outside.Do not operate the tool when barefoot or wearing open sandals. Wear tong pants to protect your legs. Wear protective hair cover to contain hair tongs. • Nylon line - keep face, hands and feet clear of a rotating nylon line at times. • Rotating makes a cut – use caution when cutting screens around and desired implants. • Keep all BY-STANDERSAWAY - at a safe distance from the work area, especially children. • Important Caution – When used in edger, stones, metal pieces and other objects can be thrown at high speed by tine. However, the following precautions shouted: • Make sure people and other pets are at least 30ft (30m) away. • To reduce the risk of rebounding (ricochet) injury, work moves away from any nearby solid object such as howls, steps, large stone, wood, etc. Use extreme caution when working close to solid objects and, if necessary, do marginal or trimming by hand. • Avoid accidentally – don't carry a plug with your finger on the trigger. • Don't force the tool – at a faster rate than it can cut efficiently. • Use the right tool - don't use this tool far away in any job except the one for which it's intended. • Don't spread- Keep the right spoon and air to the right air at set times. • Don't pull a cable from a power supply, keep cable from heat, and sharp edges. • Damage to the unit - if you hit or get involved with a foreign object , stop immediately, hang up, check for damages and have any damage to repair before attempting further action. Do not operate with a broken hub or coil. • Damage to the wire - Move the power cord away from the spinning line, if you hit the wire, disconnect it from the power supply before moving the tool Examining the damage. The faulty score must be replaced before further use. • Detachment tools - when not in use, when replacing tine, or before cleaning. • Avoid hazardous environmental use conditions - whether the network should be used in 2015 or in wet locations. Follow att instructions in this manual for proper operation of your butt. Don't use the claimor in the rain. • Do not process electrically configurable gases or explosives in the atmosphere. Engines in these vehicles are usually parked, and the sparks can ignite fumes. • In-house STOREIDLE tools – When not in use, tools should be stored indoors in addry, a locked place out of reach of children. • Ground fault CIRCUITINTERRUPTER (GFCI) protections should be provided on circuits or outlets to be used as appliance.Receptacles are availatbehaving built GFCI protection and can be used for this measure of protection. • EXTENSION SECURECORD using the cable hassle pay shown in Figure 3. • Stay alert – watch what you do. Use network utilities, are you tired, • Keep up with caution - Feitow instructions in the maintenance section. Check the long-awaited strings periodically and replace if damaged, keep handles, clean and free of oil and grease. • Check for defects - before continuing to use the device, carefully check a guard or other damaged parts to determine that it is running propedy and perform its intended function. Check alignment of moving parts, moving parts binding, breaking parts, assembly, and any other situation that may affect its operation, a guard or other damaged part should be ready to be repaired or replaced by an authorized service center unless otherwise specify

the place in this guide.Warning: When servicing duplicate isolated tools, use only the same location parts, replace or repair corrupted records , _WARNING: To avoid the risk of electric shock use only with an extension cord for outdoor use., Always connect the verted tine extensions or one protected by circuit breaker. _ADDITIONAL warnings for STRINGTRIMMERS 1. Keep your air consumption slots (Fig. 13) clean to prevent overheating.2 Your trimmer line can dry out over time. To keep your line in the top position, store spare coils before a wound or bulk line in a plastic bag, sealing with a tablespoon of water. 3. Plastic parts can be cleaned by using fine soap and a damp rag. 4. Do not soak in water or squirt it with a hose. Do not allow any liquid to enter it.5 Don't store the TOO! on or near fertilizer chemicals, 6 Don't clean with pressure. 7. The line cutter at the end of the guard can dole over time. _SAFETYWARNINGS and instructions: Polarized PLUGSTO reduce the risk of electric shock, this equipment has a polarized cork (one blade wider than the other) and will require the use of polarized continuation. The device plug fits A polarized expand option is only one way. If piug does not fully fit into the extension, make the plug. If the plug still doesn't fit, get a proper polarized insert. A polarized expansion bird will require the use of a polarized howling socket. This witi plug fit into a potadzedzed watl socket in just one direction. If the plug doesn't fully fit in the watt jack, flip the plug, if the plug still doesn't fit, contact a certified electron to install the appropriate watt outlet. Do not modify the equipment plug, extension vessel, or expansion plug in any way. 0O 00 5o.10 o o o
