If the Sparrow does not spawn, the player can board another Sparrow, where he was supposed to be born, then exit and then re-enter the Sparrow to trigger the chopper checkpoint. Keep in mind that the Sparrow should have landed slightly exactly where it should have spawned, so this could take a few tries. ^ 2.0 2.1 2.2 In some editions of the game, such as the PlayStation 4, some Top Fun vans do not reproduce under any circumstances. If the van does not spawn, the player has another Top Fun where it was supposed to be born, then exit and re-enter the vehicle to start the RC RC ^ In the original PlayStation 2 version of the game, the reward will keep the Detonator in use after activation, so the player will not be able to scroll through his weapons stock. Solutions to fix this error without being Wasted or Busted are: going through the metal detectors of Leaf Links or Escobar International (although this will replace remote grenades with standard grenades) or buying a weapon from Ammu-Nation or hardware store.
