

Indexorated Nightfallen on my alliance so I achiev, but dosen't look like it's enough. Restore My Memory: The Court of Stars is needed for a good Suramaritan/Uprising. I have a guild member who wants to unlock the night, but I can't remember the life of me if quests related to this instance were requirements, or if they could only be omitted zone quests/rep

is the key thing to work with. Quick question .... I saw it asked and didn't get a clear answer.... I have a 113 Alliance toon and have completed the rebellion quest line and also promoted rep with Nightborne, but I am able to make nightborne toon.... any thoughts? Thanks to My Main Nightshine has both successes but can't create Nightborne, the achievements are red in terms of requirements. These achievements have been completed on this toon, so there is a misunderstanding somewhere. In addition, my horde of Toon Fabiana also finished the plated Nightfallen, but not the plot one, but my main, Nightgown has, as mentioned earlier. Maybe I have to complain ...
