Boom Beach is an exciting online strategy game created by developers Clash of Clans. Gamers will get their own personal peninsula, they will have to deal with its development and attack the enemy side by extracting a wide variety of resources. As with every such strategy, actions and modifications take a certain amount of time, for this reason the game is very addictive, which will be played for more than one month. All buildings that provide them with resources and protection - a defensive structure that helps repel enemy attacks. When gamers can snap up their core base, they will immediately fall into a hurricane of hellish Apocalypse, battling other players. You can attack the shores of other players, for the victorious success in battles you will be given resources and you can have a great time. The offensive takes place by landing its troops on the enemy's shore, two cargo ships and an artillery ship. As long as your attacking unit will rush into attack you can control your armed fighters massively destroying major enemy targets. A great strategy with an unusual addictive gameplay that contains online and one player. Download...
