The last of the really great whangdoodles audiobook

The Last of the Really Great Whangdoodles was another children's novel written by Julie Andrews, the beloved star of Mary Poppins and The Sound of Music. Perfect for young readers who love whimsical stories about magic! This reading book is an excellent choice to share during home schooling, especially for 7-9-9-year-old children who read independently. It's a fun way to keep a child engaged and an addition to children's activity books. Whangdoodle was once the smartest, dearest and most extraordinary creature in the world. He then disappeared and created a wonderful land for himself and all the other remarkable animals - ten-legged sidewinds, small fluffy flukes, friendly Whiffle Bird and deceitful, oily Prock. It was an almost perfect place where the last truly great Whangdoodles could rule their kingdom with peace, love and a sense of fun – with the exception of people and obliques. But not completely forgotten. Professor Savant believed in Whangdoodle. And when she told three Potter children in search of the magnificent creature, Lindy, Tom and Ben were eager to get to Whangdoodleland. With the help of the professor, they found a secret way. But waiting for them was the scheming Prock, who would use almost any means to keep them away from their beloved king. Only with skill and determination could the four travelers find the last of the truly great Whangdoodles and give him the desire of his heart. The novel was originally published in 1974. This edition includes Julie Andrews' foreword. Top Reviews The latest top reviews Readers are irresistibly reminded of Oz. It's a book that a lot of kids love. –Publishers On a weekly basis, with the help of an eccentric professor who provides special intensive training for their imaginations, three children manage to locate the last great Whangdoodles and fulfill the wish of their hearts. But not completely forgotten. Professor Savant believed in Whangdoodle. And when she told the three Potter children while searching for the magnificent creature, Lindy, Tom and Ben, they were eager to get to Whangdoodleland. But waiting for them was the scheming Prock, who would use almost any means to keep them away from their beloved king. Only with skill and determination could the four travelers find the last of the truly great Whangdoodles and give him the desire of his heart. All those times I read Julie Edwards' The Last of the Really Great Wangdoodles to my sons and with them, and I never realized that the writer was Julie Andrews! She must have had a huge amount of fun writing this book because it's fun to read, but with a more serious tone - genetics and cloning. But the great thing about the book is that it is magical, not in the Harry Potter way, but in its innocence. This book would never be written or published today. A group of kids who to date a strange man they met at the zoo and do things in their house that they can't tell their parents about?! And that's a shame. Because this is a great book. I was so glad it was appreciated and loved by my son's bookshelves to read to and with his sons. Really a book for all ages. If you never got to read it as a child, read it as an adult. We all need a little magic and miracles in our lives. A big thank you to Brenda, who worked for me many moons ago, when now my grown-up sons were little and who bought this book for them. It has been cherished and always will be. ... More... More
