You don't need credit card information and it's genuine, not a trial version.✓ Unlimited: VPN proxies are really unlimited without session, speed, or bandwidth limits. ✓ Easy: Connect and unblock the world with a simple click on the Connect button. ✓ Secure: With strong SSL encryption, you'll be guaranteed anonymity (privacy).✓ Support: We're committed to making it one of the best VPNs and are always open to accepting your comments and suggestions. Let us support@northghost.com your comments via email! Download Touch VPN now! And if you're happy with Touch VPN, don't forget the 5-star rating to spread !-----■ ? A VPN is an approximate virtual private network. For example, if you connect to a VPN server through Touch VPN, you can connect securely and encrypted to servers in other countries. Thanks to encryption, data is not filtered or blocked. For example, if a user in Sweden connects to a VPN server in the United States, the Swedish user's traffic appears to be from the United States, not Sweden. ■ Why using VPNVPN not only allows you to unblock services with local restrictions such as Youtube, Netflix, Pandora and Amazon, but also significantly enhances online privacy and security by ensuring anonymity while surfing the web.■ The difference between VPN and proxyVPN and proxy is that both internet traffic routes You can hide your identity by changing your IP. However, proxy servers are entirely browser-based, regardless of the type of browser you use (e.g. Chrome, Safari, Firefox, etc.), so they may not be compatible with some websites that use non-browser technology. Unlike proxies, VPNs encrypt all traffic and work with all Internet-based services. In short, when it comes to online use, VPNs guarantee a wider range of freedom, privacy, and security.■ Why touch VPNTouch VPN is a 100% free app with unlimited access, it's safe and fairly easy to use. Connect to all servers in Sweden, UK, Denmark, France, USA, Netherlands, Canada and more for unlimited online security and free web surfing. Touch VPN offers: all ⇒ all websites, regardless of country. You can ignore local restrictions to unblock sites of your type, no matter what country you're in! You can visit websites blocked or censored by the government, school, or agency, unblock Facebook through a firewall, watch YouTube videos, or avoid VOIP restrictions. Unblock everything with Touch VPN, a free VPN app.⇒ protect your data from hackers. When you connect to a public Wi-Fi hotspot, your name, password, privacy, and more can be easily compromised. Touch VPN encrypts your data and provides financial security for the best protection.⇒ Touch VPN is a one-click VPN proxy service. Touch VPN has only one button. This button allows you to connect anonymously to one of the many servers at a faster rate than a web proxy. If you don't run the app, we'll help you save battery life on your device. Plus, you get a completely unlimited VPN! You can prevent your ISP from snooping, block ad tracking on your site, and prevent it from being targeted. Touch VPN changes your IP address, so your online ID is anonymous, your eyes are monitored, and your internet work is hidden from your favorite VPN company.-----Touch users and spread thanks.
