Due to the pandemic, MITY canceled all its face-to-face programs for the summer of 2020. Instead, MITY is excited to announce that it is offering unique online learning opportunities for students who join grades 1 – 12 in the fall. These classes will use the same survey-based hands-on model as our regular programs and provide motivated students with significant learning challenges as well as a way to connect with colleagues with similar minds. Details of these opportunities can be found in Online Programs. If current explorschool and EYM families choose not to enroll in MITY online classes, they may receive a full refund. MathCEP is offering Saturday Enrichment classes to grade 5-7 students. Each program encourages participants to explore mathematics and its scientific applications from different perspectives based on specific mathematical themes. Scholarships are readily available in cases of financial need. Contact the MathCEP office if the cost of the programs would prevent your child from participating. Talent Search Northwestern University's Midwest (NUMATS) is a research-validated program that uses above-level assessment to help parents and educators better understand their students' academic strengths and educational needs. NUMATS allows you to allow students to take internationally recognized tests before the levels of grades in which they are normally administered. The PSATtest™8/9, aimed at students in grades 8 and 9, is applied to students in grades 3 to 6. The SAT® and ACT®, intended for students in grades 11 and 12, are administered to students in grades 6 to 9. NUMATS identifies academic capacity, measures growth, and connects gifted students to educational resources and enrichment and acceleration opportunities. The Duke University Talent Identification Program is a non-profit organization that supports academically talented students in grades four through twelve. We offer above-level testing, enrichment resources, year-round learning options, residential summer programs, online courses, and original research to complement what students receive at school.
