7 years old - by lukas graham (lyrics) unknown et lyrics

Once I was seven years old, my mother told me to go make friends or you would feel alone. Once, I was seven years old. It was a big world, but we thought we were bigger. By pushing each other to the limits, we learned faster. By eleven smoking weed and drinking burning alcohol Never rich, so we had gone out to make this figure stable Once I was eleven years old, my father told me Go get you a woman or you will be alone. Once, I was eleven years old. I always had this dream like my father before me So I started writing songs, I started writing stories Something about glory, just always seemed to annoy me Because only those I really love will never really know me Once I was twenty, my story was told before the morning sun, when life was lonely. Once, I was twenty years old. I only see my goals, I don't believe in failure. Because I know the smallest voices, they can make him major. I have my guys with me to those who are in favor and if we don't meet before I leave, I hope to see you later. Once I was 20 years old, my story was told as I wrote about everything I saw before me Once I was 20 years old. Soon we will be 30 years old, our songs have been sold We have traveled around the world and we are still roaming. Soon we'll be 30 years old. I'm still learning about life My wife brought children for me So I can sing them all my songs and I can tell them stories most of my boys are with me Some are always looking for glory and some I had to leave behind my brother, I'm still sorry Soon I'll be 60 years old , my father got 61 Remember life and then your life becomes a better, I made the man so happy when I wrote a letter once I hope my children come to visit, once or twice a month Soon I'll be 60, will I think the world is cold Or will I have a lot of children who can annoy me Soon , I'll be 60 Soon I'll be 60, will I think the world is cold Or will I have a lot of kids who can annoy me Soon I'll be 60 once I'm seven, my mom told me Go make friends or you'll be alone Once I'm seven Once I'm seven Once I'm seven , my mom told me Go make friends or you'll be alone Once I was seven It was a big big world, but we thought we were bigger pushing each other to the limits, we were learning faster By eleven smoking weed and drinking burning alcohol Never rich, so we were there to make this stable Once I was eleven years old my father told me Go get you a woman or you will be alone Once I was eleven years old, I always had this dream like my father before me So I started writing songs , I started writing stories Something about that glory always seemed to annoy me because only those I really love will never really know me Once I was twenty years old , my story was told before the morning sun, when life was lonely Once I twenty years (Lukas Graham) I do see my goals, I do not believe in failure because I know the smallest voices, they can make it major, I had my boys with me at least those in favor And if we do not meet before leaving, I hope I will see you later Once I was twenty years old , my story was said that I was writing end everything , I saw before me Once I was twenty soon we will be thirty years old, our songs have been sold We have traveled around the world and we are still roaming Soon we will be thirty years old, I am still learning about life My wife brought children for me So that I can sing them all my songs And I can tell them stories Most of my boys are with me Some are always looking for glory and some that I had to leave behind my brother, I'm still sorry Soon I'll be sixty, my father got sixty-one Remember life and then your life becomes a better, I made a man so happy when I wrote a letter once I hope my children come and visit , once or twice a month Soon I will be sixty years old, will I think the world is cold or will I have many children who can warm me Soon, I will be sixty, will I think the world is cold Or will I have many children who can warm me soon I will be sixty Once I am seven years old , my mom told me Go make some friends or you'll be alone Once I'm seven Years Old Once I'm Seven Words submitted by Abbie96 7 Years as written by David Labrel Christopher Brown Lyrics © Songtrust Ave, Warner Chappell Music, Inc.
